

Emergency First Aid at Work Course (EFAW)

This 1 day course must be completed within a 4 week period and can be delivered in as little as 6 hours in 1 day. If the training is spread over a time frame longer than 1 day, then each training session must be a minimum of 2 hours duration and completed within 4 weeks.

Good for: Organisations with a requirement to provide emergency first aiders in the workplace. i.e. work environments deemed lower risk; and those workplaces whose risk assessment requires emergency protocols only. Course provides the learner with skills & knowledge to deal with casualties in a safe, effective and timely manner.
