CHECK OUT KARA'S CORNER FOR SHOP NEWS...

SPECIAL RALLY EDITION.....77th Daytona Bike Week!.....Iron Adventure.....

Hello ADK HOG! Spring will officially be here next week. The days will be longer with the time change. A sure sign of spring is McDermott's Cabin Fever Party. If we don't have any more freak snowstorms, maybe we can ride to Cabin Fever! The Chapter is planning a LOH Bake Sale, membership drive, Quilt raffle ticket sales, Ride 365 registration, & lots of other stuff. Come hang out & have a good time!

Let's Ride!

Ride 365 is a new HOG Member Mileage Recognition Program. You have to enroll with your dealer. HOG is giving out prizes for different categories. There are prizes for individual mileages, chapter mileages, & other stuff, so sign up before your riding season starts. Alise M. will need your vin # & current mileage for each bike you ride. You will be able to keep track of lifetime mileage as well as Ride 365 @ HOG.COM. Report your mileages to Alise monthly to keep our Chapter mileages updated & have fun!

At our Feb. meeting, we had some good discussions about membership renewals, rider safety training, & our Christmas & Awards Party. A committee is being formed to work on the Christmas Party. One thing we discussed is holding a membership renewal party at one of McDermott's Events in Dec. to help get renewals done in a timely manner.

The LOH Bike Blessing is coming up in Apr. as well as the start of our chapter mileage contest. More & more events are being announced for the Iron Adventure and the HD 115th Anniversary Celebration. Registration for both events is now open, check it out at hog.com.

Dream about riding & having fun, Art P.

Events and Activities

by Donna Persons

Assistant Director and Safety Officer

by Brian Irwin

As promised at the meeting in February, I will be keeping this, and future newsletter bits shorter. I have a tendency to put in more information than I need to; my apologies for that. As you read through this newsletter, some of you are still loving the sun in Daytona, are on the way back home, yet others are still stuck in the snow. In the last month, I have struggled at least a-half dozen times with whether I should lower my bike down off the jack stand and take a ride. Mother Nature has teased and tortured us with temps nearing seventy, days of sun, and grass patches, only to bring us back to the reality of north country living time and time again. All that said, I promise, the riding season is coming, slowly, but surely. When you do get out on the road, go easy and be aware there will be

patches of left over sand and salt from the long, cold, winter and even worse than that will be those tiny pot holes (*insert sarcastic giggle here*) that you can quickly lose your entire front wheel in. Take your time and get wherever you are going safely. Our good friends over at McDermott's are ready and willing to get you on the schedule for any service needs you have. Whether you need to get that old oil changed out or want a new set of tires, they are there to help out. April and May is traditionally the best time for local members to get a bike in for work. Do not wait until Americade week or any time after and think you will be able to get your motorcycle in with less than a month of wait time.

****Even if you do not have any service needs, please contact the maintenance department to check if your motorcycle falls under a recent recall. The motorcycles involved are model year 2008 to 2011 Touring, CVO Touring and VRSC models which have anti-lock braking systems. About 175,000 of the 250,000 bikes covered by the recall are in the United States. The problem can be fixed with a flushing of the brake fluid, according to Harley-Davidson, which it will do without cost to the owners. A recall filing by Harley Davidson said it appears that the problem could be caused by owners who don't comply with the recommendation to replace the fluid every two years, but that a recall was issued because "the consequent sudden and complete loss of brakes, without warning, is a concern." ****

I put a large piece regarding the upcoming HOG rally in Newry, Maine into last month's letter, so I will not be going into it again. If you are planning on going, please get your reservations for a hotel, the food plan, and for the rally ASAP. Many hotels are already at capacity for the area. If you have any questions about contact information, please refer to the February newsletter or drop me an e-mail.

I am looking forward to attending the MSF (Motorcycle Safety Foundation) instructor course but in order to do so, I must first take the basic rider course (BRC). I will be doing just that at SUNY Adirondack in April. I am planning to have detailed information and some first-hand experiences to pass on to you regarding options for motorcycle safety training.

Thanks for your time and stay safe,
Brian Irwin

Head Road Captain and Historian

by Mike Bala

Lot's of great rides planned for this summer. If you haven't checked out the website please do so, all rides will be posted on adkhog.com under the events page.

Remember if you have registered for the HOG Rally in Sunday River and want to include the meal plan, it must be purchased separately. Additional information

from Rally Headquarters is included at the end of this newsletter.

RIDE 365 – We are kicking it off at the Cabin Fever Party! Please submit your mileage to Alise McDermott at the shop. If you are unable to make it there, I will be at the April meeting collecting VIN and current mileage for members so that Alise McDermott can turn it in to HOG. All miles from January 1st count towards individual and National HOG Club Awards through the 365 Chapter Challenge. You can learn more about this at HOG.com. Select Ride to Live and then Ride 365. This will show you the bikes that have been registered, the corresponding mileages. You can also see how the club is doing.

In other news...Daytona was a blast. I'm on my way home as we speak and will share more in the April Newsletter. Check out some highlights later in the newsletter or go to the facebook page...Remember, we are always looking for assistant road captains. If you are interested please let me know!

For historian this year I decided to try something new. I thought it might be nice to learn a little history about our members...

This month we are featuring **Andrew Stowell**.

When did you first ride a motorcycle? In 1984

When did you join HOG and which chapters have you belonged to? Joined HOG in 2013 and this has been the only chapter I have ever belonged to.

What was your first bike? a 1979 Yamaha 650

First Harley? a 2007 Fat Boy which I still ride today

How many miles do you ride in a year? as many miles as possible.

Tip for Members: Life is short ...buy the bike and ride it.

Are you interested in being featured in next months issue? Contact Mike Bala.

Daytona Highlights!

Great rides, food, friends and fun!

**Photo credits to George Pena, Tracy Stowell, Mike Bala, LouAnn Bala.

First Timer Tracy Stowell experienced the magic of Daytona...

By LouAnn Bala

Read my interview with Tracy ...

What have you enjoyed most about Daytona?

"Meeting so many people from all over and meeting people from Michigan where I grew up. Everyone here has a kinship and commonality." Tracy also enjoyed seeing the different bikes, such as "whacked out mutant things", referring to the stretched out Harleys, insanely loud stereos, over 40 inch front wheels and more..

Has anything surprised you?

"YES! I was surprised to see a lot of shocking things I saw from the videos I watched before I came down here actually happen!" She went on to say as she giggled a little, "I was shocked that I participated in them!"

What was your favorite place to eat?

"Sonny's BBQ but all have been good so far"

Best Bar?

"Cruisin Café! I made a lot of friends there!"

When asked if she would recommend Daytona to others, Tracy and Andy stated simultaneously, "Hell Yeah!"

Volunteers needed:

Any event this large is successful as a direct result of its volunteers, please take time to volunteer and help your H.O.G. family have fun.

It's also a great opportunity to meet new friends. Just donate some time we need you! If you could donate an hour or two that would be great.

We need volunteers in the following areas.

Registration

Greeting

Parking

Harley-Davidson Demo Truck this is a half day commitment at the minimum for volunteering.

To volunteer please email [Peter Guillette](mailto:peter.guillette@comcast.net)
<mailto:peter.guillette@comcast.net>

STAY in TOUCH!

To sign up and receive up to date information, please Text IAR2018 to 84483 to receive alerts from The Iron Adventure Run of New England 2018, and receive information as soon as it becomes available.

Open your text message app and in the TO field on your phone type the number 84483 and in the Subject Field type IAR2018 just hit send at this point. You will receive a welcome conformation back once that is done.

There are no extra subscriptions cost to receive these text alerts, however standard message rates and data charges from your carrier may apply. Stay up to date with all things Rally related. Also, you will receive updated information while at the rally such as ride departure times and any last-minute changes to the Rally schedule.

Please note there are a few carriers that do not support this messaging system, this currently only works in the US.

Visit us on Facebook at [The Iron Adventure of New England](#) for the complete listing of events.
