## **Supreme Hard Concrete Densifier Dusting Control Process**

The following process is only for control of dusting on concrete surfaces. This process is not for concrete polishing or anything other than hardening and the control of dusting.

### **TO CONTROL DUSTING:**

1. Clean thoroughly with Supreme Clean.
2. Densify using Supreme Hard Densifier.
3. Run a burnisher over it using 400 grit Roll-X Pads.
4. Clean again using Supreme Clean.
