17" Tool Back Pack

Suggested Retail

\$129.99

Description

The Cat 17 in. Tool Backpack features 18 pockets for ample tool and gear storage. It's built using heavy duty 1200D polyester weave for maximum strength, durability and moisture resistance. A high-visibility inside floor helps you locate tools and parts quickly while the reinforced bag bottom resists moisture, sagging, tearing and abrasions. You'll carry your loaded backpack safely and comfortably, thanks to thick back panel pads and padded adjustable shoulder straps. All pads are finished in breathable mesh fabric for increased ventilation.

Product Details

- 16 interior pockets for secure storage, including 6 extra-deep pockets for long screwdrivers
- Large front pouch with quick-connect closures for storing fish wire, cable or power tools
- Vented and cushioned back pads and adjustable shoulder straps for balanced, comfortable walking and climbing
- Dual carry handles make it easy to carry and hang the backpack even while open
- Hi-visibility Cat yellow interior floor makes it easy to find tools and parts
- 1200D polyester weave for strength and durability
- Heavy-duty stitched seams resist fraying, tearing and abrasion
- Bar tacking at critical stress points like pocket dividers and zipper tracks
- Reinforced bottom panel with protective feet shrugs off moisture and abrasions
- Full perimeter, lockable self-repairing oversize #10 zippers for fast easy open and close
- Overall dimensions: 17 in. H x 13-1/4 in. W x 9 in. D

Standard Grade Non-Woven Polyester Utility

Suggested Retail

\$49.99

Description

This standard grade non-woven polyester utility blanket is built to take on the toughest tasks day in and day out. Durable polyester fabric and binding and generous padding make it ideal for moving, covering and protecting furniture, appliances, gear and more. It feels soft to the touch and looks great too, so it's equally at home at picnics, concerts and protecting vehicle interiors from pet or cargo damage. Generously sized at 80 in. x 72 in., it's padded with recycled cotton fill and finished with a durable lock stitch rhombus pattern with reinforced corners. The finishing touch is a Cat® logo on each corner.

Product Details

- Nice quality non-woven polyester fabric and binding
- Thickly padded with 100% recycled cotton fill
- Double lock-stitched rhombus pattern
- Reinforced corners with Cat® logo
- Large 80 in. x 72 in. size for big jobs
- Ideal for work and play

3 Ton Low Profile Service Jack

Suggested Retail

\$249.99

Description

The Cat® 3 Ton Low Profile Floor Jack is built to withstand the demands of busy shop environments. It offers wide lift range of 3 in. to 19-1/2 in. and raises to full height in just 7 handle pumps. This heavy-duty jack is ultra-strong, and versatile too, thanks to a wide lift range from a low of 3 inches to a generous 19-1/2-inch maximum lift height. You can use it to raise everything from slammed sports cars to full-size pickups. It's fast, thanks to the dual piston quick lift pump that raises the lift arm to max height in just 7 pumps of the handle. And you can use to built-in foot pump to raise the saddle in smaller increments to position it precisely under your car or truck. A handle pad protects your paint job from accidental dings. The built-in small parts tray keeps those pesky loose lug nuts from rolling away. The generous padded saddle, wide wheelbase and heavy-duty flanged steel frame combine to create easy-rolling stability and security under heavy loads. Beefy construction ensures you'll enjoy years of trouble-free service. We don't just say so, we prove it. The Cat® 3-ton low profile fast lift jack is tested to meet or exceed ASME and PALD standards for construction, durability and performance.

Product Details

- 3-ton capacity lifts most passenger vehicles on the road
- Low profile design fits under vehicles as low as 3 inches
- 19-1/2 inch max lift height ideal for use on full-size trucks and SUVs
- Built-in foot pump for easy and precise saddle positioning under vehicle
- Quick lift design - just 7 pumps to full height
- Wide front trucks and ball-bearing swivel casters for smooth and stable rolling
- Pro quality construction, performance and features
- Meets or exceeds ASME PALD standards

Description

You don't need to be a first responder to appreciate this rugged folder. If being prepared for any scenario is important to you, this versatile knife is the perfect companion. The razor sharp 3-1/4 inch drop point blade is equally adept at cutting and thrusting. The integrated seat belt cutter and tungsten glass break are designed for quick rescue and recovery in roadside emergencies. A black satin finish on the blade and textured G10 handle add a tactical touch and reduce glare in the field. Top edge jimping and a finger groove and guard add security and safety in high-stress situations. Everything is anchored to a stainless steel frame for stiffness and stability under high loads. Bottom line: this tactical folder provides heft, versatility and responsiveness in a compact form factor.

Small Squeeze Knife

Suggested Retail

\$18.99

Description

Work faster and smarter with the Cat safety utility knife. This box cutter is designed and built for the harshest work environments. Cutting edge comfort and performance make it the right knife anywhere cutting safety and speed matter. Use it in safety mode by squeezing the trigger bar to expose the blade. Then release the trigger bar to retract the blade for safe storage between uses. Repetitive cutting tasks are easy too – just lock the blade open, make your cuts then unlock the blade to close it again. No need to slow down to change a blade – just one button unlocks the blade for easy change out, and onboard storage keeps fresh blades close at hand. The Cat Safety Utility knife comes complete with 3 round point safety blades and accepts all standard size replacement blades.

Product Details

- Squeeze the trigger bar to extend the blade for cutting, then release the trigger bar to retract it
- Use optional blade lock for repetitive cutting tasks
- Durable, lightweight and comfortable design stands up to all day use
- Push button blade removal and onboard blade storage for quick, tool-free blade changes
- Includes 3 round point safety blades and accepts all standard utility knife blades
- Overall Length: 5-1/2 in.
- Blade: Round Point Safety Utility Knife Style
- Closed Length: 4-1/2 in.
- Weight: 4.6 oz.

Label Mrs / 2 Pc 1.5In X 16Ft Ratchet Tie Down Set **Suggested Retail** \$49.99

Description Reach for this 2 piece set of super duty 1-1/2 inch x 16 foot ratcheting tie-downs to confidently secure furniture, appliances, ATV's, motorcycles, side-by-side UTVs, golf carts, mowers and more. Each strap is rated for 4,500 pound breaking strength and 1,500 pound working load capacity. The high visibility yellow straps are constructed of heavy-duty polyester webbing that resists stretching, tearing and rot. The burly steel double J-hooks won't bend like single hooks and offer added security when latched to equipment, trailers and vehicles. And the hooks are rubber coated to prevent scratching your expensive toys and gear. The oversized comfortable ratchet handles are molded in place and won't fall off. They're big enough to fit gloved hands and offer smooth and sure operation.

Label

Mrs / 2 Pc 1In X 12Ft Soft Hook Set - Yellow &

Suggested Retail

\$4.99

Description

Use this 2 piece set of 1 inch x 12 inch soft loop tie-downs along with your ratcheting or cambuckle straps to secure dirt bikes, ATVs, cargo and more without marring or scratching paint, chrome or anodization on equipment and vehicles. Use as a loop or slipknot to create a more secure attachment point. Soft straps are less likely to move than metal hooks during travel than by conforming to the shape of handlebars, frame rails and other odd-shaped securing points.

Product Details

- Set includes two 1 in. x 12 in. yellow soft loop straps
- Easy to use – loop or slipknot and hook onto your tie-down strap hooks
- Soft loops won't scratch paint and hold handlebars and frame rails without sliding
- 800 lb. working strength
- 2,400 lb. break strength

2 pc Ratchet Tie Down Set

Description

Reach for this 2 piece set of 1-1/4 inch x 16 ft. ratcheting tie-downs to confidently secure furniture, appliances, ATVs, motorcycles, side-by-side UTVs, golf carts, mowers and more.

Each strap is rated for a 2,400 pound breaking strength and 800 pound working load capacity. The high visibility yellow straps are constructed of heavy-duty polyester webbing that resists stretching, tearing and rot.

The burly steel double J-hooks won't bend like single hooks and offer added security when latched to equipment, trailers and vehicles. And the hooks are rubber coated to prevent reduce scratching your expensive toys and gear.

The oversized comfortable ratchet handles are molded in place and won't fall off. They're big enough to fit gloved hands and offer smooth and sure operation.
