

LIGHT IT!

BATTERY-POWERED LED LIGHTING SOLUTIONS

WHOLESALE CATALOG & PRICE LIST | JANUARY, 2020

Presenting one of the brightest,
single-head, battery-powered, LED
porch lights on the market today.

See page 3 for details.

LIGHT IT! It's simple with us. Our products use refined and straightforward technology to make lighting easy. All of our lights are fitted with Light Emitting Diodes (LEDs). LEDs are extremely bright, last up to 100,000 hours, and are incredibly energy-efficient. In this, our latest catalog, we are featuring some of our brightest and most innovative lights ever. Exciting new technologies like COB (chip on board) and innovations such as Focus-point lenses offer unparalleled performance. Our lights come in a variety of shapes and sizes, all of which are portable and battery-powered – no need for wires and plugs. Options include wireless RF remote control, motion-activation, infrared detection, and rechargeable lights. The simplicity and economy of their construction makes them a quick, versatile, and scalable solution to any lighting problem. Our innovative mounting systems enable the user to quickly and easily mount the light wherever it is needed and to quickly detach and hand-carry the light when circumstances require. We are top industry sellers for all kinds of lighting solutions, from indoor to outdoor, focused to floodlight, decorative to utilitarian, and visibility to security. Read this catalog to see how we can help meet your specific needs.

400 Lumen COB Security Floodlight

Motion Sensor Operation
Weatherproof (IP65)
Adjustable beam
3 D batteries (not included)
5-minute installation,
screws and drywall anchors included

Our new Security Floodlight has been completely redesigned to offer more light for less money. Simple to install and completely weatherproof, it uses smart, motion sensing technology for automatic nighttime operation. Our exclusive Focus-Point Lens™ delivers a brilliant 400 beam that keeps you safe and secure. Its compact profile and innovative mounting system let's you install it anywhere... indoors or outdoor

400 Lumen, Ultra-Bright LED Porch Light

Motion Sensor Operation
Weatherproof • Adjustable
5 Minute Installation • 400 Lumens
Mounting Hardware Included
4 D Batteries (not included)

Our 400 Lumen Porch Light is one of the brightest, battery-powered, single-head models on the market today. Its 16 SMD LEDs provide a much more even dispersion of light and superior light color and clarity, with much less heat. With a brilliant, 400 lumen output this weatherproof light is perfect for illuminating any dark space for added safety and security. Completely adjustable, this light may be wall-mounted or placed on its base (no installation necessary) for use as a path light. Innovative mounting bracket allows the light to be removed for portable use.

6-LED Wireless Motion Activated Porch Light

Weatherproof • Adjustable
5 Minute Installation • 100 Lumens
4 C Batteries (not included)

This became one of our best-selling items after appearing on Good Morning America. This simple, elegant, and effective product sheds a vibrant, glare-free beam of light. It is simple to install, includes a motion sensor, and its head rotates. Completely adjustable, this light may be wall-mounted or placed on its base (no installation necessary) for use as a path light. Innovative mounting bracket allows the light to be removed for portable use. It also comes in three colors, making it easy to match with home design and finishes.

COB TECHNOLOGY

Wireless Remote Control Lighting System

RF Technology works through walls
Easy Installation • Add more lights to same remote switch • 60 Lumens
Lights: 3 AA batteries (not included)
Switch: 2 AAA batteries (not included)
Includes: Double-stick tape • Screws and drywall anchors

These lights are operated by a wireless remote switch which functions up to 60 feet away, and its signal goes through walls. Up to 20 lights can be programmed to operate on one switch. And it is possible to program and operate up to eight different groups of lights in proximity to each other. A dimmer is included, and the lights automatically turn off to save energy. The lights can be detached from their brackets for handheld use.

Wireless RC LED Ceiling Light Set

RF Technology works through walls
Easy Installation • Add more lights to same remote switch • 250 Lumens
Switch: 2 AAA batteries (not included)
Light: 3 C batteries (not included)
Includes: Double-stick tape • Screws and drywall anchors

Put bright light where it is needed, with no wiring. Up to 20 lights can be linked to the same remote control switch, which features a variable dimmer and an automatic battery-saving shutoff. Up to eight separate groups of lights can be programmed to operate independently. These are ideal for improving visibility on stairs, landings, closets, and crawlspaces. This light also detaches from bracket for portable and handheld use.

Wireless RC LED FastTrack Light Set

RF Technology works through walls
Easy Installation • Add more lights to same remote switch • Variable Dimmer
150 Lumens
Switch 2 AAA batteries (not included)
Light 6 AA batteries (not included)
Includes: Double-stick tape
 • Screws and drywall anchors

This new set pairs with other Light It! wireless remote control lights for maximum flexibility. The switch operates using radio frequency, even through walls. The four LED heads swivel and pivot to direct light wherever it needs it to go. When installed as part of a set, it's possible to light any space with ease and versatility. It easily detaches from its bracket for handheld use for task lighting or emergencies.

Minimum Advertised Price (MAP) Policy

Dear Valued Retail Partner,

Light It! by Fulcrum Products (Light It!) has built a strong reputation and following among its end-use consumers. In order to preserve the Light It! reputation for providing customers with high value products and to further enhance the Light It! brand image and its competitiveness in the marketplace, Light It! is instituting a policy of Minimum Advertised Price (MAP) for all Light It! products, effective immediately. The MAP policy shall work under the following guidelines:

The MAP for all Light It! products shall be no less than the price listed on the current Light It! price list. MSRP and MAP are established by Light It! and may be adjusted at any time at its sole discretion.

The MAP policy applies to all advertisements of Light It! products in all media, including but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, internet, electronic mailings, social media, television, radio and public signage.

Light It! reserves the right to modify, temporarily suspend or discontinue this MAP policy, in whole or in part, or designate periods during which the terms of the policy change or during which the policy is not applicable. Light It! will provide notice of any such changes on the Light It! website. Lightitled.com

Resellers remain free to establish their own resale prices. This MAP policy does not apply to the actual setting of prices, and only applies to the advertised price. As such, this MAP policy will not apply to point of sale signs and other in store markings on products, nor will it apply to the displaying of a price during the "checkout" stage for online purchases.

Thank you

Light It!
