

HEAVY DUTY CORD REEL

GENERAL USE CORD REEL

Designed and engineered for longevity, this heavy duty metal reel provides an ideal portable power solution. The steel drum provides reliable protection when in use, transported or stored. Using 12/3-gauge highly visible orange cord, this range of extension reels provides 4 x 120V socket outlets (rating of 15A), LED power indicator, power switch, thermal breaker and reset button. The thermal breaker reduces the risk of fire due to temperature rise caused by power overload.

SOLAR LIGHTS AND FLOODLIGHTS

LED LIGHTINGS

Functional, simple and no need for wires. This range of LED Solar powered lights and perfect to light up those difficult to wire installations. All models feature high efficiency solar cells for zero electricity costs and 100% saving. The latest technology LED chips have improved the light output and the performance. PIR motion sensors and Multiple operating modes allow the lights to be customized and activated as needed. Easy Installation, Fit and Forget.
