Vinyl Peel & Stick Tile Installation

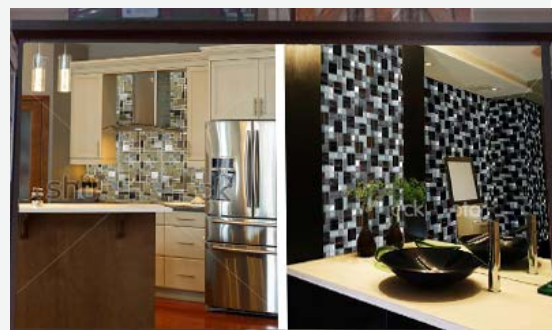

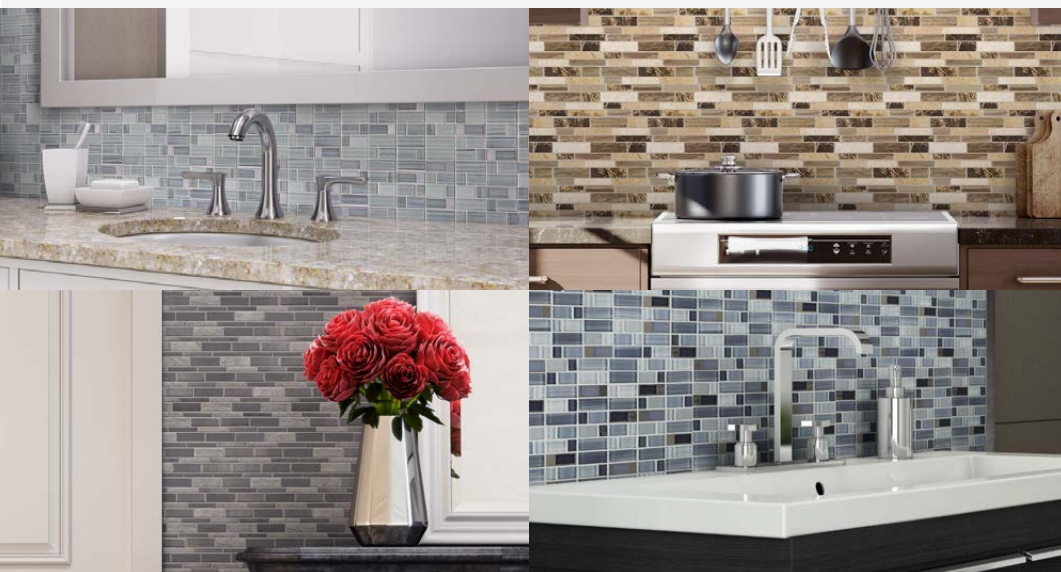

Installing Peel & Stick tile is as easy as:

1. Clean the area where the Peel & Stick is to be installed - must be a smooth and clean surface.
2. Once dry and clean, peel the backing off the Peel & Stick Tile to expose the adhesive back.
3. Evenly apply the tile from edge to edge to ensure it applies and adheres properly.
4. Use scissors to cut and finish any edges.
5. Align new tile next to first placement and continue steps above until installation is completed.
