

Primary IT Ltd

Where Technology Meets Education

Primary IT

IT Consulting and Managed Services

- ▶ Primary IT are an education-focused IT company that provides a range of managed services, including IT support, consultancy, cloud services, and project management. We specialize in helping educational institutions and organizations optimize their technology infrastructure and operations.

24/7 IT Support

- ▶ At Primary IT, our core focus is to provide IT support to ensure the smooth running of your systems and the day to day operation of your school. We provide both on-site and remote support 24/7 or term-time only.

Safeguarding

- ▶ As an education focused managed services provider, here at Primary IT we know the importance of safeguarding both students and staff within the schools we support. We ensure harmful content is filtered out and that Designated Safeguarding Leads have the ability to monitor all content.

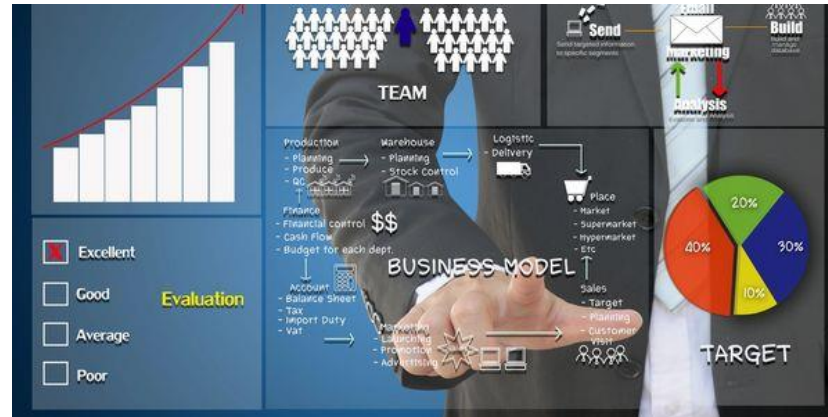

Cyber Security

- ▶ At Primary IT, we know the importance of protecting our IT environments. Education is one of the most likely targets for cyber attacks including: Ransomware attacks. To combat this we ensure our customer's core infrastructure is protected both on-site and the cloud and we ensure regular backups are taken: on-site, off-site and cloud.

Project Management

- ▶ At Primary IT, we manage all projects internally. We ensure our customers receive the very best service, and the very best price, from start to go live. Projects such as: replacing older devices, cloud migrations, entire network upgrades and many more.
