

Pest & Rodent-Free Home Statement

To the best of our knowledge, our home is currently free from any active pest, insect, or rodent infestation that would impact the health, safety, or well-being of members of the household or any child placed in our care.

We understand the importance of maintaining a safe, sanitary, and healthy home environment. In the event that a pest or rodent issue should arise in the future, we agree to take prompt and appropriate action to professionally address and resolve the concern in a timely manner to ensure the continued safety and well-being of our family and home environment.

By signing below, we certify that the information provided above is true and accurate to the best of our knowledge.
