

BC BUDGET 2026:

86 Recommendations
That Will Shape the
Province

The BC Select Standing Committee on Finance and Government Services just released its **Budget 2026 consultation report**—that included **86 recommendations** based on **750+ submissions** from across the province.

Why Does This Matter?

Because this report is
the **first signal of**
what the provincial
budget will prioritize
in areas like:

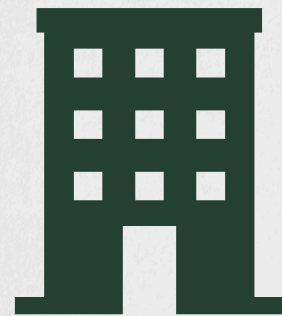

- Housing and affordability

- Health care and workforce shortages

- Trade-enabling infrastructure

- Climate readiness and green economy transition

For **businesses, non-profits, and industry associations**, this is your roadmap. Government is listening, and those who align their advocacy and budget submissions with these themes will have the greatest impact.

Is your organization
ready to act on these
signals before Budget
2026 is finalized?
