Farming Workbook

A Income Tax Plus Inc.

85 Kent Street West Lindsay, ON K9V 2Y5

705-878-3392 incometaxplusinc.com

Farming Workbook

This workbook is designed to help our clients track all the information we need to file your farm business taxes. Complete one workbook for each year, or each quarter if you file HST on a quarterly basis. Print the entire workbook, or additional pages of a certain category on our website. If you have any questions, call us! We'd love to hear from you.

How to use this workbook

- Begin by completing your information on page two.
- Enter data from your receipts and invoice into the appropriate categories. Once the category is complete, transpose the totals to the summary sheet.
- Include the workbook when submitting your personal income tax for us to file.

Helpful Hints

Helpful hints will appear in red along the way. Below are some helpful hints to get you started!

- If you have a residential rental as part of your farm business, please also complete a separate Real Estate Rentals workbook. Pick up this workbook in the office or download from our website!
- Don't forget to also record the trucking, commission, fees and other expenses that appear on your sales ticket in the appropriate expense categories.
- If your farm business is not HST Registered, leave the HST column empty.
- If you became HST registered part way throughout the year, keep separate workbooks for before and after registration in the same tax year.
- This workbook is intended for sole-proprietorships or partnerships, not corporations.
- This workbook can also be downloaded in excel format if you prefer to enter information on the computer, rather than by hand.

Farm Business Information

To record business-use-of-home expenses accurately, we need some information to calculate the percentage of you busehold expenses that we can claim. PLEASE INCLUDE A COPY OF YOUR FINAL PROPERTY TAX BILL. This will provide us with helpful information on claim percentages related to farm use vs. residential use Square footage of Home Square footage of Business-Use Space Percentage Farm Business use of Home Telephone Percentage Farm Business use of Mobile Telephone Percentage Farm Business use of Internet Percentage /ehicle Expenses — Complete for each vehicle that is for both farm and personal uses. For information on how to keep an accurate vehicle logbook, visit our website. If you have not kept track of kilometers, enter a reasonable percentage. Expenses – Business-Use-of-Home Expenses

Record amounts related to your household where you operate your farm business.

Record the full amount of the expense, we will use a percentage as farm business use based on the information provided on page 2.

Note Business-Use-of-Home Expenses cannot be used to increase a farm business loss.
