

Principal Object(s) as "Creation"

$$f(1) = f(0) = f(1 \text{ or } 0) = f(1 \text{ and } 0) = f(1 \text{ and/or } 0)$$

F(1) – Principal Source

F(0) - Available and Expressible Open Domain

F(1 or 0) – Our Earthly Creation Component and
Earthly Express-ability

F(1 and 0) – Principal Source to Viable Truth

F(1 and/or 0) – Principal Source to Earthly Truth
AND Earthly Express-ability

**These expressions give our sources to system(s) Logic
and corresponding functionalities.**

Zim Mathematics & His Existential Synopsis

**Systems and/or Sub Systems as Expressed
For any Object and/or Object(s)
A Mathematically Dominant Paradigm**

Truth Geometry

$$F(1) \Rightarrow F(0) \Rightarrow F(1+0) \Rightarrow F(1, 0)$$

$$F(1) = F(0) = F(1+0) = F(1, 0)$$

$$G(1, 0) \Rightarrow G(1+0) \Rightarrow G(0) \Rightarrow G(1)$$

$$G(1, 0) = G(1+0) = G(0) = G(1)$$

Intro to System(s) and/or Sub Systems Paradigm

Renaissance and now scientific thought use these Systems and/or Sub Systems concepts extensively and thoroughly in their pursuit of knowledge, but this usage has been entirely implicitly and/or explicitly in the recognition of these systems concepts and terms. The renaissance movement owed their success to this recognition, but now Science is doomed to another terminal series as expressed per their own utilized explicit without implicit axioms.

Zim Math explains clearly, contemporary scientific paradigms and their tenets, logic, and concepts better than these disciplines ever will be able explain on their own. I explore also Express-ability or Express-ability Outlines with principal and/or partial and/or open domain expression, or expressions of expressions. I have been working with some success on a Mathematical Non-expression and its importance to Mathematical development.

As is documented throughout history, but ignored by Earthly paradigms, our knowledge of knowledge is shown as systemically lacking information. This has given us origins to our partial system expression or partial system series expression and the recognized kingdom of knowledge with mis-information, mis-truths, false vs. truth paradigms including any so called terminal event or series. The selection / omission intelligence methodologies commonly used and recognized in our education systems are also shown to be, not useful in producing principal tenets to any knowledge paradigms. Availability of Principal expression provide our source to Principal outcomes / solutions. Pseudo / partial expression give our source to ALL "problems". Zim Math provides a pseudo and/or principal and/or open domain measure of rationale...**Zim Olson's Systems Math again opens the doors for utilization of all the systems concepts as explicit terms. Renaissance thinking is again viable.**

Origin of System Components and Expression Dynamic:

$$f(1) + - / \times \Rightarrow f(0) + - / \times \Rightarrow f(1+0) + - / \times \Rightarrow f(1,0) = + - / \times$$

Giving this next tenet for any object expressed as a complete System or expressed Sub System.

$$g(1) + - / \times = g(0) + - / \times = g(1+0) + - / \times = g(1,0) = + - / \times$$

Unknown operations as complete Systems are said to be also applicable with these numerical values. These expressions are developable and reducible within any identifiable principal and/or pseudo and/or open domains giving viable knowledge.

A derivation source for Principal System tenets, completely expressed or non-expressed is below, giving Knowledge Source:

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _ = _$$

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _ = _, _.$$

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _ = _, _, \dots _.$$

Pseudo Systems or "Named" Expression Outline and Construct Source. Pseudo Expression Trees as with Earthly Creation, give selection/omission categories of intelligence processes.

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _ = _.$$

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _, _ = _.$$

$$\text{Every}(_) \text{Any}(_) \text{Some}(_) \text{Non}(_) _, _, \dots _ = _.$$

Sources to Additional Principal Logic / Tenets

Expressed 1; 0; 1+0; 1 and/or 0; in various combinations of object or object(s) and as giving various combinations of object(s)
