Tiger Town TV

TTTV is a streaming TV channel providing entertaining and informative video content about the Auburn-Opelika area with a focus on promoting its local businesses.

Auburn University brings in thousands of new faces to the area each year. TTTV is a one-stop streaming video directory for restaurants, boutiques, breweries, hotels, home services, auto services, salons & spas, fitness centers...you get the point!

TTTV targets these millennials through social media, YouTube and streaming TV such as ROKU & Firestick. This is the most affordable and effective place to keep your brand in the public eye and all for ONLY \$59/month!

Video content is the most effective form of advertising. Video content on multiple platforms is even more effective but can be time consuming, confusing and expensive. That's why we created Tiger Town TV. For a small monthly fee, we keep your business in front of the ever-changing consumer coming to the Auburn-Opelika area each year. Email or call today to get started!
