Parade safety rules

All vehicles in the parade must be able to navigate the entire parade route and make all turns and clearances without difficulty. It is the responsibility of each driver to see to it that their vehicle or float clears all obstacles and can maneuver turns. If the route includes a U-turn, parade entries **must** be able to maneuver and make a U-turn in **one motion (no reversing)**. Participants must design their entry in length, width, and height to meet this requirement. Floats and entries **cannot exceed a 13'6" ft. height limit** from ground to top of float/entry.

- To reduce gaps, vehicles should maintain their speed to the pace of a slow walk and stay within two to three car-lengths of the preceding entry.
- Entries are not allowed to stop or impede the forward motion of the parade at any time with performances, dancing, stopping to rev engines, or any other action that alters parade movement. Performing groups should choreograph routines to maintain forward motion always.
- No candy or other enticements will be thrown/handed from any entry to spectators.
- **No jumping on or off moving entries:** Parade participants may not jump, dance, ride, bike, roller skate, roller-blade, skateboard, or move in any way onto or off any moving float or vehicle.
- Entries should never stop on the parade ending street/road at any time for unloading to allow for all entries to safely exit the parade route.
- Water guns and spraying of water by any means is prohibited.
- No alcohol may be consumed by float drivers or anyone operating an entry during the event.
- No music, sirens, air-horns, firing of re-enactment weapons, or other noises that exceed 85 decibels without prior approval from the City of Fredericksburg.
- If issues arise with your entry not following set rules during the parade, it could be cause for removal from the parade route by Fredericksburg Police, City Staff or parade organizers or be cause for non-acceptance in any future Fredericksburg parades.
