Bassett[®]

OUTDOOR CONTRACT

Our Story

Bassett Outdoor Contract wants you to be assured that you are purchasing the highest quality and most structurally sound commercial outdoor furniture available. We furnish many of the top country clubs, casinos, multi-family housing, hotels, and home owner association properties.

Design is at the center of everything we do. We have our own in-house design team that couples with domestic manufacturing on much of our product line, bringing you innovative designs with industry leading delivery times.

The 2020 product line provides one of the largest product selections in the industry. We are excited to introduce our Made In USA aluminum cushion and sling collections, Made In USA fully upholstered collections, resin wicker cushion collections, and Teak cushion collections. This allows us to offer a wide array of styles, materials, and price points to fit almost any budget without sacrificing product quality.

We offer 100's of fabric choices and multiple frame finish options to give you full creative control, allowing you to customize your furniture to match your property's design theme.

Founded in 1902, Bassett is a company deep in heritage and is long lived due to our promise of quality, service, and delivery. Our goal is to deliver a quality product, provide superior service both before and after the sale, and execute prompt and on time delivery.

Thank you and welcome to the Bassett family.

You can also view the entire line at [bassettoutdoorcontract.com](https://www.bassettoutdoorcontract.com)

OUTDOOR CONTRACT

Value Added Services

SPACE PLANNING

Bassett Outdoor Contract offers complimentary design layout of your property. We take many things into account such as pool or outdoor area footprint, type of property, number of residents or rooms, and the property's design theme. Our team of in house space planners then supply a detailed drawing of your property showing suggested product styles and placements. We also offer design suggestions for frame finish and fabrics choices that complement your property.

PRODUCT LOGOS

Want your branding around your pool area? Bassett Outdoor Contract offers logo customization to our cushions, slings, and pillows using embroidery and screen printing. Please contact your account manager for a quote.

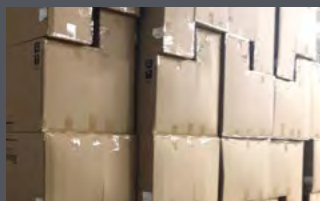

SUPERIOR CUSTOMER SERVICE

From the first time you contact our company to after delivery you will receive industry leading customer service from sales, support, and logistics personnel. You are making a large investment in your property with hard earned revenue, and we want to be there for you every step of the process. 1 chair or 1000 chairs we value your business at a high level and our team will do everything possible to give the absolute best experience possible.

SET-UP

We want to make your furniture purchasing process as simple as possible. Our set up option gives you just that. Our set up team unloads furniture, unpacks, places furniture based on layout design, and removes all packaging. Please consult your account manager for more details.

STACKABLE PRODUCTS

Many of our products stack to allow for easy storage should you need to use your pool deck for an event, for cleaning, or storing for off season.

We are constantly adding products to our line up, please visit our website for latest offerings

Bassett®

OUTDOOR CONTRACT

The BASSETT Difference

Our aluminum cushion, sling, and tables are constructed from heavy gauge aluminum extrusions. The thickness of our aluminum is up to **20% thicker** than the industry average, allowing us to offer you the most durable frame in the industry.

Our frames are finished using 360 degree welds and are **premium finished** to give our products the proper aesthetics that many competitors shortcut to save time during manufacturing.

Our industry leading paint finish process is an electrostatic powder coat that is baked on at over 400 degrees, allowing the paint to fully bond to the aluminum frames. This process, coupled with our proprietary 5 stage pre-treatment process, gives our finishes **industry leading performance.**

Our Bassett Performance resin wicker is made from recyclable high-density Polyethylene (HDPE) resin with industry leading **UV inhibitor**.

100% of our **teak furniture is made from A-grade**, plantation raised teak from Indonesia. All of our teak is responsibly sourced from reforested teak plantations which means no natural teak forests are being damaged.

We use 100% solution dyed acrylic fabrics from Sunbrella and Outdura. All of our fabrics are bleach cleanable and sewn with UV resistant color matched threads. Made in the USA from ultra-high-density polyurethane foam, our cushions receive a **water resistant ticking** and antimicrobial treatment to resist mold and mildew.

We are constantly adding products to our line up, please visit our website for latest offerings

bassettoutdoorcontract.com

cushion

Using only the finest materials our aluminum **cushion products** are manufactured 100% in the USA. This dedication to superior manufacturing ensures that we offer the highest quality and most structurally sound aluminum cushion product line in the industry. Available in 12 paint finish options, every frame goes through an elaborate, multi step pre-treatment procedure, and from there each piece is individually powder coated in a state-of-the-art powder coat finishing process. We offer 100's of cushion fabric options giving you the ability to fully customize your furniture to fit your property's design theme.

resin wicker

When you are looking for a **resin wicker product** option for your property you have many choices, and Bassett Outdoor Contract resin wicker checks all the boxes. Having both an in house design team and in house quality control team gives us a combined strength that allows us to lead the way in the resin wicker category. Competitors are simply buying a product already being manufactured so they have little if any control in the design or quality control processes. Our resin wicker is composed of powder-coated aluminum frames that are woven by skilled craftsmen with recyclable high-density Polyethylene (HDPE) resin with industry-leading UV inhibitor delivering you unsurpassed quality coupled with on-trend designs.

Available in all cushion fabrics.
Hand-tufted button top. Jumbo padded welt tailoring.

throws

For cool nights our **outdoor throws** are a perfect touch to your property by adding a throw to your seating that coordinates with your furniture.

C1230-00
OUTDOOR THROW
Overall: W64 D53 H0.5
Available in all cushion fabrics. 2 sided.
Standard single welt tailoring.

The image shows two outdoor chairs with different sling fabric patterns. The chair on the left has a solid bright blue fabric, while the chair on the right has a striped fabric in shades of blue and white. The chairs are set against a background of a rough, textured stone wall. The lighting is bright, highlighting the textures of the fabric and the stone.

With sophisticated textures that offer durability and easy maintenance, our **sling fabrics** offer an array of fashionable color choices that will coordinate with our complete selection of Bassett Outdoor Contract powder-coated aluminum finishes. Our sling fabrics set the standard for beauty and exceptional performance while offering superior resistance to mold, mildew and fading from normal exposure to the elements.

cushion fabrics

Fabrics listed in this catalog are Bassett Outdoor Contract **“stocking” fabrics**. In addition to the many Sunbrella® fabrics we offer, we are pleased to make available a huge selection of additional Sunbrella® fabrics not displayed in our catalog.

Sunbrella® is an innovator and leader in the outdoor fabric industry for many years. Bassett Outdoor Contract is proud to partner with Sunbrella® and offer our customers the opportunity to select the perfect fabric for any collection.

Please ask your account manager to help you access these additional fabric choices.

Sunbrella® is a registered trademark of Glen Raven, Inc.

With sophisticated textures that offer durability and easy maintenance, our **cushion fabrics** offer an array of fashionable color choices that will coordinate with our complete selection of cushion seating frames. Well-known brands set the standard for beauty and exceptional performance while offering superior resistance to mold, mildew and fading from normal exposure to the elements.

aluminum paint finishes

Our products feature our unique ENDURABOND paint procedure that utilizes a state of the art powder coating system and a 5 stage pre-treatment process. It begins with the application of proprietary chemicals, followed by the application of your specific paint color that is then baked on with temperatures exceeding 400 degrees. This process ensures your furniture has a long lasting, durable finish. Our process, including the powder paint itself, is a 100% green environmentally friendly process. We are as committed to protecting the environment as we are to building quality furniture.

shade

The fabric is an important part of your umbrella. We use Sunbrella® Awning Grade Fabric.

This series of fabric is much thicker and more durable than standard Sunbrella® fabrics used by many competitors giving you a stronger more durable umbrella cover. We offer a wide variety of Sunbrella® fabric for contract pool and patio umbrella options in solid and striped patterns. If you are looking for a specific color you do not see here, please contact your account manager for additional umbrella fabric options.

*If you do not see a color that fits your needs please contact your account manager with Pantone or color family to see additional fabric options.

cantilever

Our **Cantilever** model will provide the coverage you need without the interference of a center pole. These double vented, aluminum frame commercial grade umbrellas are like all of our umbrellas, available in a wide array of fabrics to complement any decor. Our 360 degree rotating Cantilever umbrella features a smooth-glide trigger lift mechanism and a foot activated rotator to provide 100 square feet of comfortable shade.

features

- 360° rotating pole and canopy
- 8 rectangular aluminum ribs
- Bronze finished aluminum frame and fittings
- Trigger lift with crank
- Steel cross base for (4) 80 lb. granite tiles
- Double, sewn-in vent and storage ties are standard
- Canopies are made of Sunbrella® marine grade, solution dyed acrylic. Tops are also available in COM.
- Custom top options include valance, alternating panels, banding and logos.

edge

The **Edge** cantilever umbrellas sport clean lines and contemporary feel. Unique features include the easy open lift design, the 80° inclined aluminum pole and a 360° rotation. Coupled with the multiple angles to which the canopy can be set, this chic style provides all day shade.

Extended Horizontal Position

features

- 360° rotating pole and canopy
- 8 rectangular fiberglass ribs
- 80° forward-leaning inclined pole
- Platinum powder coated aluminum, stainless steel hardware and nylon accessories
- Non-vented canopy is standard
- Canopies are made of Sunbrella® marine grade, solution dyed acrylic. Tops are also available in COM.
- In horizontal position, canopy clearance is 77".
In fully tilted position, total height is 150".
- Cast aluminum hub
- Stainless steel latch to lock ribs
- Accordion-fold canopy closure and covered ribs
- Umbrella and Base sold as a set

st. lucia

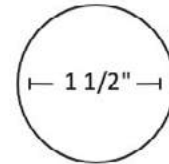

Our **St. Lucia** collection features a popular one piece pole that is 1.5" diameter with a .125" aluminum wall thickness and seven powder coated pole finish options. Can be used for both in-table and freestanding. Designed for use in hospitality settings such as restaurants, hotel pools, resort patios, and country club outdoor dining. These commercial grade umbrellas provide years of durable service as well as a wide array of fabric and finish choices to complement the décor of your property's outdoor space.

features

- Flexible fiberglass ribs with molded nylon joints, hubs and end tips.
- Powder coated pole finishes (7 color options)
- All rib, finial and hub colors coordinate with the finish color selected for the pole except for Sahara which has Champagne Bronze ribs, finials and hubs.
- Single, sewn-in vent and storage ties are standard.
- Custom top options include extra large vent, double vent, valance, alternating panels, trim, banding and logos.
- Standard tops are made of Sunbrella® marine grade, solution dyed acrylic. Tops are also available in Customer Owned Material (COM).

aqua

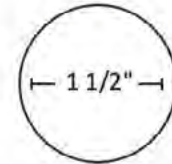

The **Aqua** collection features a one piece pole that is 1.5" diameter with a .125" wall thickness aluminum core and FiberTeak™ simulated wood finish. Perfect for both in-table and freestanding use. Designed for use in hospitality settings such as restaurants, hotel pools, resort patios, country club outdoor dining, and ocean front properties, these commercial grade umbrellas provide years of durable service as well as a wide array of fabric and finish choices to complement the decor of your outdoor space.

features

- Flexible fiberglass ribs with molded nylon joints and end tips
- FiberTeak™ finishes on poles and finials simulate the look and feel of real wood
- The poles are made with heavy duty aluminum cores and a protective, textured fiberglass coating for excellent durability.
- All rib, finial and hub colors coordinate with the pole finish color except for Aged Teak which has white ribs and hubs
- Stainless steel hardware
- Single, sewn-in vent and storage ties are standard
- Custom top options include extra large vent, double vent, valance, alternating panels, trim, banding and logos.
- Standard tops are made of Sunbrella® marine grade, solution dyed acrylic. Tops are also available in Customer Owned Material (COM).

OUTDOOR CONTRACT

Furniture Maintenance

Your Bassett Outdoor Contract furniture is engineered to give you a lifetime of enjoyment. Your time is precious and with only minimal regular maintenance you can keep your furniture looking its best. You may wash the furniture with a mild detergent and water solution and a soft brush or cloth. Rinse well with clear water and allow to dry thoroughly before use. A clear automobile wax may be applied to smooth frame finishes to provide better protection to your frame finish. DO NOT apply wax to TEXTURED finishes. A quality vinyl protectant can be applied to sling seating to guard against the effects of air pollution, salt air spray and mildew growth.

We recommend performing this maintenance 2-3 times a year to ensure best protection. Regular care and cleaning may be performed as often as desired.

Most stains on cushion and sling seating may be removed with a mild detergent and warm water solution. Rinse well with clear water and allow to dry thoroughly before use. Mildew and heavy stains may be removed with a quality commercial outdoor furniture cleaner.

Note: Some suntan and sun block products may be harmful to cushions and slings. To avoid deep penetrating stains, do not allow such products to come in contact with seating surfaces. Do not steam clean or use bleach on printed acrylics. Do not use solvent-type materials on Resin wicker vinyl or Resin wicker blend fabrics as they will damage the yarns. Do not use chlorine-based cleaners.

Terms & Conditions

Shipping

All shipments will be routed at the discretion of our traffic department unless specific routing is requested.

Returns

No returns will be accepted without a Return Merchandise Authorization from Bassett Outdoor Contract.

Claims

All claims for freight shortages or damages must be filed directly with the freight carrier and must be noted on the freight bill at the time of delivery. If concealed damage or shortage is discovered upon unpacking the cartons, the carrier must be notified immediately.

Rights Reserved

Bassett Outdoor Contract reserves the right to make modifications or changes in design, materials and specification without incurring liability or obligation with reference to previously manufactured similar products.

Warranty

Contact your sales representative or visit our website for full warranty information.

Bassett Outdoor Contract reserves the right to make minor design changes or modifications and discontinue finish color, fabrics, styles or collections without notice. All measurements given are approximate.
