

HAIR PEACE
BED PEACE

Fairmount The Queen Elizabeth Hotel "John & Yoko Suite"

Introduction

Founded in 1995, Lutex Design is a major manufacturer and distributor of window treatments, bedding accessories, custom-made furniture products for the hospitality industry in Canada and the USA.

We have an expansive production facility at our Montreal headquarters in addition to our custom-built furniture manufacturing plants in Turkey with over 150,000 square feet of manufacturing space. This allows us to produce a significant amount of products in a very efficient manner.

Lutex Design offers an in-house design team and a very extensive network of sales representatives across many parts of Canada and the USA which allows us to serve your every need on a one-to-one basis.

You will find more information about our capabilities, products, and recent completed projects at www.lutexdesign.com

A photograph of a modern hotel room. The room features a large bed with white linens and a dark wood headboard. To the right, there is a white leather armchair with a tufted back and a matching ottoman. A window with light-colored curtains is visible in the background. The room is well-lit and has a clean, contemporary aesthetic.

We are committed to assist you throughout all of the necessary stages and guide you and your team in making the best choices to complete your project. Our team is large enough to handle any size project yet small enough to offer personalized service and attention to detail.

Our experienced and professional team are here to provide you with the finishing touches to complete your project.
