

## CAPABILITY STATEMENT

### COMPANY OVERVIEW

Our purpose is to meet clinical research businesses needs along with helping individuals gain clinical research education and opportunities. Our vision is to help clinical research companies complete all tasks outsourced to CR Clinical. CR Clinical was founded in 2015 to innovate & collaborate with pharmaceutical companies, biotechnology companies, medical device corporations, CROS, & individuals to provide full Clinical Research services & education. Our Core Value is to show integrity while ethically helping our clients.

### CORE COMPETENCIES

- CR Clinical partners with pharmaceutical companies, biotechnology companies, medical device corporations, CROS, & individuals to provide clinical research services.
- We provide clinical operation services effectively by providing each client customized services.
- CR Clinical offers full clinical oversight, clinical monitoring services, quality assurance, quality control, auditing, staffing, and training within the clinical research industry.

### DIGITAL 1ST CRO EXPERIENCE

- Powering site-based, hybrid and decentralized trials with fixed and risk-based pricing.
- Experience a turn-key digital solution focused on results.
- Reduce trial costs and delays caused by inefficient data management, staffing and software systems.
- Gain visibility, control & confidence from trial design through database lock.
