NOTE: This is a minimum, basic list. Depending on class assignments additional materials may be required. For example chemistry and biology students will be required to purchase a lab coat and goggles.

Student should select a notebook/record keeping system that suits their study style.

Students are encouraged to purchase a quality "Day Planner" to effectively keep up with all classroom assignments. Organized students are successful students. G9 – G12 has a "Zero Late Work" Policy. Any assignment not turned in on the due date will be given a ZERO. A good planner helps to avoid this.

Faith – Values – Learning
