

THREE DAY IN-PERSON

CERTIFIED FIRE PROTECTION SPECIALIST

PRIMER COURSE

SEPTEMBER 22-24, 2026

BEAUTIFUL DOWNTOWN GREENVILLE, SOUTH CAROLINA

READY TO EARN YOUR CFPS CREDENTIAL?

Serious to advance your fire protection or risk management career? Ready for the next challenge?

The CFPS is a globally recognized mark of professional achievement often referenced as a job application prerequisite and advancement differentiator serving as an indicator of documented, third-party verified applied work history, professional dedication, and continued knowledge development.

This course will help prepare you for CFPS certification exam success.

WHY TRAIN WITH TNT

EXPERIENCED INSTRUCTION

Delivery of training led by an experienced instructor with focus on attendee material understanding, real world application, and exam success - led by Bruce Clarke, a 30-plus year CFPS holder with over 10 years as a CFPS Board of Directors member and test question development contributor.

FOCUSED CONTENT

Curriculum based on the true CFPS exam body of knowledge reviewing property fire protection and life safety fundamental principles with the most updated code standards as referenced in the CFPS test framework and critical areas blueprint.

COMPREHENSIVE REVIEW

Material for course reference dedicated to key exam question areas of focus and effective navigation techniques specific to the 21st edition Fire Protection Handbook and the CFPS Candidate Handbook.

REAL WORLD INSIGHT

Topics reviewed in course reinforced with interactive discussion supported by 35-plus years of direct global application experience.

CFPS CERTIFICATION AND REQUIREMENT DETAILS
