All of our animals get lots of tender loving care. The puppy you are buying is a baby, and we do our best to take care of any problems this puppy may have.

WE DO NOT GUARANTEE

We do not guarantee that your puppy does not have worms, ear mites, or intestinal parasites. All of our puppies are wormed and treated for ear mites as well as any stomach parasites that might arise. This does not mean that when you take it to the vet that these things may not be present. The puppy can become re-infected at any time, and for this reason we cannot guarantee there will not be a problem.

We do not guarantee that your puppy will not develop an upper respiratory infection. This happens quite often as a result of changes in environment from our home to yours. **BE SURE TO ALLOW YOUR PET TO REST FOR HOURS AT A TIME UNDISTURBED FOR EVERY HOUR OF PLAY FOR THE FIRST FEW DAYS. ALSO, MAKE SURE THEY ARE EATING THE PET FOOD WE RECOMMEND.** This is very important to the overall health of your new puppy. Never give your puppy milk. They are lactose intolerant, and milk will give your pet extreme diarrhea. Again, feed only the recommended food.

WE DO NOT GUARANTEE THAT YOU WILL NOT BE **ALLERGIC** TO THE PET.
WE DO NOT GUARANTEE THE **SIZE** OR **PERSONALITY** OF YOUR PUPPY.
WE DO NOT GUARANTEE THAT YOUR PET IS A SHOWABLE PUPPY. **WE SELL PETS.**
WE DO NOT GUARANTEE THAT YOUR PET WILL BE ABLE TO **PRODUCE OR SIRE OFFSPRING.**

We recommend that you spay or neuter your puppy as soon as your veterinarian will allow. We do not give refunds because your landlord, etc., says you are not allowed pets. Check with said person before purchasing your puppy.

Your puppy has had its shots up to date. Your puppy must continue to get shots every 3 weeks until the puppy is 16 weeks old. We do not pay for any future shots your puppy must have.

We sell our puppies "AS IS" but we do guarantee any problem that your vet deems **life threatening** "IF" the puppy is checked out by a vet within 48 hours of purchase. If the puppy has NOT been checked out in this 48 hour period, this voids the guarantee. If your vet feels this puppy has a life-threatening problem, this must be confirmed by our veterinarian before any refund is issued in the 48 hours after purchase. **AFTER THE 48 HOURS, THE PUPPY HEALTH AND CARE ARE YOUR RESPONSIBILITY.** We feel we price our puppies as reasonably as possible and for this reason **WE DO NOT PAY VET BILLS** once you take your puppy home. His/her health and care are your responsibility.

I have carefully read this disclosure and understand my responsibilities for the care of this puppy.
