**WEST PALM BEACH, FL (February 3, 2016)** – StarGroup International announces the release of its newest book, *Palm Beach's Most Popular Restaurants*, created as a special gift to local non-profit organizations.

“I wanted to create a unique opportunity to benefit local non-profits while showcasing a few of the incredible Palm Beach restaurants,” explains Brenda Star, the book’s creator and founder of StarGroup International. “This book serves as a timely fundraising tool for many organizations in our area, and is a win-win for the organizations, restaurants and community alike.”

The full-color coffee table book, which was brainstormed, developed and released during the recent holiday “gifting” season, represents a good deed that allows non-profit organizations a unique yet simple way to generate and focus public awareness on their services and goals, while offering a good word for some of the area’s fine restaurants.

The effort was supported by: David Landau, Interior Design; Hamilton Jewelers; Lawrence A. Moens Associates, Inc.; and Salon Magrit.

The book is available on a first-come first-serve basis at no charge to local non-profit organizations, which will receive 100 percent of the proceeds. Copies may be obtained by contacting Brenda Star at StarGroup International at: [brenda@stargroupinternational.com](mailto:brenda@stargroupinternational.com) or (561) 547-0667.

#### **About StarGroup:**

StarGroup International, founded in 1993, specializes in creating books to be used as marketing, media and fund raising tools. For over two decades, StarGroup has maintained access to the best researchers, writers, editors, proofreaders, designers and printers in the industry, while also supplying public relations and marketing services.

#### **Note to Media:**
