## What is the LLMS?

The Loan Licence Management System (LLMS) is an easy-to-use online portal that allows you to reassign student licences as needed throughout the term.

### Example Scenario:

- Student A uses a licence for 3 weeks to complete a research assignment
- It's then reassigned to Student B for 4 weeks of coursework
- Student C uses it later in the term for exam revision

This flexibility helps you maximise the value of each licence while supporting a diverse range of learners.

## Whose Eligible?

This opportunity is available to:

- Academic departments
- Library services
- Disability support teams
- Academic skills/study skills units
