

Greetings from the KSDA E-Board!

Well, the start of square dancing in Kentuckiana is off to a huge start and we are working hard to help that success along. Most of the clubs have either starting dancing or have plans to do so. Other smaller clubs are going together and forming new clubs. We are sorry to lose them, but knowing they are forming new clubs is great for all of us. Let's all visit these clubs that have started back up and support them!

KSDA Is sponsoring the lessons on Monday nights and it is going very well. We are happy that we currently have 20 mainstream students! We are also thankful for all the Angels that are coming out to support and help all the new students. Why not come out and enjoy being an Angel again. Better yet bring a new student with you, as you know the first night for a student is free.

Several of you have asked about the Squares and Rounds Magazine. For the time being, the magazine is temporarily suspended. The cost of printing and mailing the magazine is approximately \$2200 annually. Unfortunately, we have not had the income from a profitable Derby City Festival for a long time. Our bank balance has decreased dramatically over the past several years. As your new officers, we have been working hard to cut costs whenever possible and will share the strides we have made at the next General Business Meeting.

KSDA has a new home! We will be having our General Business Meetings and KSDA dances at Garrs Lane United Methodist Church, 2020 Garrs Lane, Louisville, KY 40216.

General Business Meeting & Dance	August 15, 2021
General Business Meeting & Dance	December 19, 2021
General Business Meeting & Dance	March 20, 2022
General Business Meeting & Dance	June 5, 2022

For information regarding dances, we encourage you to watch the KSDA Message Board and also check out information on the KSDA Website, which is www.kentuckianasquaredance.com Please be a buddy and share any dance news with those fellow dancers who do not have a computer!

Some of our officers are having to deal with current health issues but we hope to be back on track soon!

As always, please let any of the officers know of any suggestions you may have.

Let's all work together to make KSDA great again!
