

SOBRIETY SOUNDS

Sobriety Sounds Like US

Everything Music - Accessible

Music in Recovery At a glance

Sobriety Sounds will be a creative haven for everything related to **music**; with a focus on **sobriety**.

We will have a variety of instruments, studio recording, instrument repair, an acoustic room, a group/band room, a learning area, regular classes, and a music stage.

Key metrics

12+

Instruments given per year

8+

Classes per month

60+

Open hours a week

48+

Facilitated gigs per year

CHALLENGES

Fatal overdoses continue to rise dramatically. Despite addiction being a chronic condition requiring long-term maintenance, many resources for those in addiction recovery are only available periodically; or fizzle out entirely within 18 months

SOLUTIONS

Sobriety Sounds will **supplement** where existing services **fall short**. Music is globally appealing, and its benefits are widely known. Our space will embolden creativity, collaboration, and be accessible during consistent operating hours to increase the chance of being available when **needed most**

Free Music and
Writing Classes

Consistent
Hours

Accessible by
public
transportation

BENEFITS

Stations

1

Each seat will be designed to foster creativity. Stations will consist of a writing desk, free notebooks, pencils, a music stand, an instrument stand, music stool, and amplifier

Meant for everyone

2

Anyone can use our space as long as they're not under the influence of recreational drugs or alcohol. Whether an experienced musician, writer, producer, or complete novice...You'll find something for yourself here

Pathways to employment

3

Learn to repair instruments at our repair station, get paid gigs through the SBS Musician Network, or teach private classes with your students in our space
