

SEASONAL GUTTER MAINTENANCE GUIDE

Quick Year-Round Checklist

SPRING

- Clear winter debris
- Check for sagging or loose hangers
- Make sure downspouts flow freely

SUMMER

- Remove storm debris
- Look for standing water in gutters
- Confirm downspouts direct water away from the home

FALL

- Clean heavy leaf buildup
- Check for clogs in downspouts
- Inspect for sagging from added weight

WINTER

- Ensure gutters are clear before freezing
- Watch for ice buildup or icicles
- Tighten any loose fasteners

Recommended Service Frequency

- **Twice a year** (spring + fall)
- **More often** if you have heavy tree coverage
- **After major storms**
