Advance Cremation Plans

Ultimate Peace of Mind

Planning your cremation in advance gives you the ultimate peace of mind. It allows you to create a unique service that reflects your wishes while easing the burden of decision-making for your loved ones during a difficult time.

In addition to planning in advance, you also have the option of paying in advance and securing a lifetime guarantee, covering the major expenses associated with cremation services.

Simplicity is California's leading cremation provider, giving optimal choice and affordability to families that are pre-planning. Our team of professionals will assist you through the process, secure your information, and provide you with the necessary documentation.

As part of California law, we place your funds into a secure account in your name until the time when needed. We are pleased to partner with Homesteader's Life Insurance Company to secure these funds.

PLEASE NOTE: We offer Advance Planning primarily to guarantee future price increases, and also to give you the opportunity to plan your arrangements on your own. If death is imminent, shortly or you are on hospice, our paid Advance Planning is probably not your best option. Instead, please complete our regular arrangement forms and we will keep it on file until death occurs and then charge at that time.

We invite you to call us anytime to address any of your questions. (888) 959-9101

SELF SIGNED AUTHORIZATION FOR CREMATION

YOUR NAME: _____

GENDER: _____

I authorize Simplicity Cremation to cremate my body in accordance with their crematory's rules and regulations and State law regulations.

Mechanical or Radioactive Devices. Mechanical or radioactive devices, such as pacemakers, may be a hazard if placed in the cremation chamber. The Crematory will therefore not knowingly cremate any remains which contain such a device.

Weight Limits. Due to limitations on the cremation chamber, and restrictions by the local air quality district, the Crematory cannot cremate anyone in excess of 250 lbs. In the event the Decedent is over 250 lbs, another crematory may be used, and additional charges will apply.

Obligation of Crematory; Limitation on Damages. The obligation of the Crematory shall be limited to the cremation of the Decedent and the disposition of the cremated remains as directed herein. I agree to release and hold Simplicity, the Crematory, its affiliated companies and their employees and agents harmless from any and loss, damages, liability or causes of action (including attorneys' fees and cost of litigation in connection with the cremation and disposition of the cremated remains as authorized herein, or the failure to properly identify the Decedent or to take possession of or make arrangements for the permanent disposition of the cremated remains. No warranties, express or implied, are made by the Crematory and damages shall be limited to the refund of the fee paid for the cremation.

The Cremation Process. I acknowledge the following: The human body burns with the casket, container, or other material in the cremation chamber. Some bone fragments are not combustible at the incineration temperature and, as a result, remain in the cremation chamber. During the cremation, the contents of the chamber may be moved to facilitate incineration. The chamber is composed of ceramic or other material which disintegrates slightly during each cremation and the product of that disintegration is commingled with the cremated remains. Nearly all of the contents of the cremation chamber, consisting of the cremated remains, disintegrated chamber material, and small amounts of residue from previous cremations, are removed together and crushed, pulverized, or ground to facilitate inurnment or scattering. Some residue remains in the cracks and uneven places of the chamber. Periodically, the accumulation of this residue is removed and interred in a dedicated cemetery property, or scattered at sea.
