

Freestyle Churn Dash

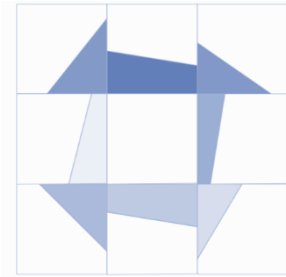

2022 December Blocks Pattern

Finished Size: 54" x 68" (without borders)

A Churn Dash Block quilt with a Twist!

The Churn Dash Block quilt is a basic block pattern that has stood the test of time. This popular vintage block is a 9-patch quilt block pattern originating during the mid-1800's. The block's name comes from the pattern's resemblance to the old-fashioned butter churn.

We will be creating a unique quilt utilizing this pattern but with a floral print accent and a white background to give it a unique feel.

Fabric Requirements: 3 ½ yards of white cotton fabric for 180 5" squares
1 package of 10" floral print squares

Supplies: 5" square ruler
White thread
Quilting Needle (only step 4 will require a 90/14 needle)

Please contact Sonja Wolniewicz if you are interested in joining us for December Block.

The first set of blocks is due **June 9th, 2022**.

All blocks need to be turned in by this date to ensure all who are joining us can advance to the next step.

Instructions for the quilt can be received through either email or in person at a Guild meeting.
