

## January 25<sup>th</sup> Workshop

### Yes, you can FMQ on your domestic machine!

In this class you will gain the confidence to do your own FMQ on your domestic machine. Designs we will learn are: swirls, flowers in a square and triangle, crazy square, basic feathers and bump back feathers.

#### Supply list:

1. Sewing machine that has a drop feed dog capability.
2. FMQ presser foot.
3. 4 sold color fat quarters individually sandwiched with batting and backing.  
\*Baste around the edges so they stay in place.  
\*Select 2 of the fat quarter sandwiches and draw squares, triangles, as well as 4 and 9 patches on them. You can use a Frixion pen or a permanent marking pen if you want to keep the sample with the drawings for later.
4. 1-40 wt. spool of thread that contrasts with your fat quarters. Glide thread is suggested but not required.
5. 4 wound bobbins with whatever thread you want. \* FMQ thread and bobbin thread do not have to be the same weight unless your sewing machine requires it. In fact, sometimes a cotton bobbin thread works best when FMQ.
6. Sharp sewing machine needles.
7. Drawing paper and pen or pencil.

#### Before class please:

- \* test your tension
- \* prepare your fat quarter sandwiches
- \* wind your bobbins
- \* have your sewing machine ready with a sharp needle and FMQ presser foot installed

\*\*\*\*Special Note: please refer to your owner's manual for your machine concerning FMQ preparation

#### Optional:

1. Extension table
2. Quilting gloves
