

January Workshop Twister Projects

Pam Cortner will be guiding you through your twister projects. You can choose these from Pinterest or buy one. Pay attention to the size of the squares that each project requires. The best size for starters is 5" and you will use the Lil Twister Twister Tool for those. The Twister Tool is as follows:

Itty Bitty for 2.5" squares

Tiny for 3.5" squares

Lil for 5" squares

Midi for 6.5" squares

And Twister for 10" squares

June Taylor also has a Twist 'n Stitch template that has all the sizes in one template from 3.5" to 10.5".

Use your 45mm rotary cutter with the Twister Tools but

either the 45mm or 28mm work with The Twist 'n Stitch.

Here are examples of the types of projects you can do in this class:

A garden of pinwheels

Valentines Twister

Another Lil' Twister

Twister Sparkler Pattern
