

Octagon Shimmer taught by Marcy Gallagher

Fees: \$45/student (minimum 5 students, 20 seats available)

Description: This is a six hour class using the Octagon Shimmer Quilt Pattern. This is a traditional quilt block infused with style. It pairs neutrals and soft tones for a playful spider web block to create dynamic movement. Students will explore positive and negative space, color, and value. The finished quilt measures 70 x 86 inches. Students will need to purchase a pattern at time of registration. Follow the patterns directions for fabric supplies and any cutting instructions to do before class. The Jumbo Octagon Shimmer Template mentioned in the pattern is not required.
