

CRISSCROSS APPLESAUCE CLASS

Class fee - \$30.00

Class Pattern/Ruler Package - \$25.00

(includes the pattern and SKW Mini-Quick Curve Ruler)

Sew Kind of Wonderful Mini Quick Curve Ruler - \$19.00

Crisscross Applesauce Pattern - \$12.00

(I will have these for sale individually in case a student already owns either the ruler or pattern)

Required for class

- Pattern and ruler
- Sewing Machine in good working order
- 45mm (recommended) rotary cutter with a fresh blade
- Cutting mat
- Iron and pressing surface
- Marking tool (pencil, pen, water-soluble marker, etc.)
- Scissors (for trimming threads)
- Thread
- Fabric – please see note below**
- NOT REQUIRED, but recommended by SKW, the SKW Square 4" ruler. This ruler isn't absolutely necessary to complete the quilt. It does help with the square up process but Michelle will show the students how to square up using the SKW Mini-Quick Curve Ruler only. If anyone would like to purchase one of these rulers, Michelle will have them for sale during class. They cost \$13.00
- ALSO NOT REQUIRED BUT RECOMMENDED – pins (NOT to be used for curved piecing) or wonder clips, extra machine needles, seam ripper, chocolate – the chocolate is for use with the seam ripper ;) and any other notions you usually use.

**This quilt makes 18"x18" (unfinished) blocks. My goal is to have every student complete at least one block in class. Student's will be provided cut instructions for making just a single block or they can cut for the whole quilt if they like. Either way, the cutting MUST be done BEFORE class. We will do all of the "curved" cutting in class. This pattern is a great stash-busting opportunity and I would recommend they raid their stash and cut for just one block for class purposes. This is the perfect opportunity for them to try a color combo they've never tried without investing a ton of money in fabric. The block is large enough to make into a pillow when completed.
