

Sunrice Chiropractic LLC
2017 Financial Policy
Effective June 19, 2017

Please read and initial each line to show that you have read and understand our financial policy. We have an obligation to each and every patient to have transparency in our billing procedures. It is our mission to provide quality and affordable care. Fees are the same whether you are billing insurance or not.

____ Exam Fees: **New Patient Brief - \$50** **New Patient Expanded - \$65** **New Patient Detailed - \$75**
 Re-Exam Brief - \$20 **Re-Exam Expanded - \$25** **Re-Exam Detailed - \$35**

Exam fees will be billed if you are a new patient, have a new injury/re-injury or if you have not been treated in our office for more than 1 year. You will be considered a new patient if you have not been treated in our office for more than 3 years. The level of exam is determined by the doctor and staff and is based on the complexity of your complaint and the time spent forming a diagnosis. ***This service is NOT covered by Medicare.***

____ Insurance Eligible Spinal Adjustment: **98940 - \$45** **98941 - \$53** **98942 - \$61**

In order for your services to be covered by insurance, it must be an active problem that is being actively treated, by following a treatment plan. A treatment plan will be developed by Dr. Larissa Rice DC with specific goals and a time limit. You may be responsible for a copay or co-insurance depending on your plan.

____ Insurance Eligible Extraspinal Adjustment: **98943 - \$10**

Includes joints outside of the spine, including but not limited to: hips, knees, ankles, shoulders, TMJ.
This service is NOT covered by Medicare.

____ Kinesiology Taping: **\$15/taping** **\$20+tax/roll of RockTape** **\$10/taping with purchased roll**

Dr. Larissa Rice DC may suggest the use of kinesiology tape to assist in the healing process. Kinesiology Taping is great for people who are healing and need a little extra support and stability without restricting motion. Along with chiropractic adjustments, it helps your body to heal quicker, reduces pain, helps inflammation and adds support when you need it most. ***This service is NOT covered by insurance or Medicare.***

____ Laser Therapy, E-Stim & Ultrasound: **\$15/treatment**

Laser Therapy is used for reducing pain, decreasing inflammation, and increasing the healing process. Electric stimulation therapy is a therapeutic treatment that applies electrical stimulation in treating muscle spasms and pain. It can help prevent atrophy and build strength in patients with injuries. It is also helpful in keeping muscles active especially after any type spinal cord injury or strokes. ***This service is NOT covered by insurance or Medicare.***

____ Maintenance/Wellness Adjustment: **\$40**

This service is offered to all patients as a means to maintain optimal spinal alignment while not being actively treated for an injury or new complaint. It will include adjusting of the entire spine, any extremity, or extraspinal adjustment, TMJ, etc. ***This service is NOT billable to insurance and payment is due at time of service.***

____ Medicare Wellness: **98940 - \$27.00** **98941 - \$38.90** *Prices subject to change due to Medicare changes

This service is offered to all Medicare patients as a means to maintain optimal spinal alignment while not being actively treated for an injury or new complaint. ***This service is NOT billable to insurance and payment is due at time of service.***
