

"Roger is both an expert realtor, and a kind sincere person. He sold a piece of land for me, in a very hard climate and time to sell land. He as well sold our family home, with me in Spain throughout the whole deal; a bit of a complicated process thus. He is wonderful; professional, kind, always has everything under control. He is honest. He is good. And he always makes the sale happen, never giving up, even if it drags on and on. I highly and completely recommend Roger Strawbridge."

Roger then did an excellent job of listing and selling my Bodega home and then finding a new home to buy before my home closed escrow. He certainly knows the area which includes Marin County as well as Sonoma County. It is a pleasure having Roger work for you.

Sincerely, James Murray

We worked with Roger from another state we then lived in. He couldn't have been more helpful - not wasting our time with properties which would probably be unacceptable. As we had to move quickly, Roger helped us find a rental while we continued looking and were able to find a wonderful property fairly soon. He also filled us in with the community, and everything we would need to live here. And he was fun to work with!

First Roger listed and sold our Forestville property. We looked for 3 months for our new home and Roger was always available to show a house and spend a good amount of time at each one helping us assess and pointing out things we might not have noticed. When we found the house we wanted he helped us write an offer that was best for us and attractive to the seller, who chose our offer over 4 other offers. We got an excellent price on a house we had thoroughly considered with his help. He's skilled and professional and experienced, plus is very respectful and encouraging. We're very grateful for his help, always there when we needed it.

Roger Strawbridge has been exceptionally masterful in our home search. He has great expertise & years of experience, as well as a real feel for this region. He is most trustworthy, and of high integrity, in addition to being a pleasure to work with!

Roger has been super with us, giving 110% all the time, and drove around endlessly until we found this house. My only concern working with any agent in this area is the poor cell reception, but this is true for everyone, and you simply have to be a bit patient. In the end, we got exactly the right home for a very good price. Thank You, Roger!
