

## How to order fine art prints

You can select any painting shown on my website marked FP, either as a fine art print ready for you to mount or I can provide you with a fine art print in it's own mount.

Each print is accompanied by it's own certificate of authentication signed by the printer and the artist.

Each print is produced by a Giclée fine art printing method on 290gsm Hahnemühle Bamboo paper.

Frames are not currently included in this offer.

### Mounted prints £45 each

- The mount is for a 16x12 inches frame (approximately 370x300mm)
- The purchase price includes packaging, UK postage for a tracked and insured service that will normally require a delivery signature

### Single prints £43 each or £40 each for 2 or more

- The print is approximately 13x9 inches or 324x223mm
- The purchase price includes packaging, UK postage for a tracked and insured service that will normally require a delivery signature.

If you live outside the UK there will be an additional charge for international services.

If you wish to purchase a print or prints, please email me at [martyndymott@virginmedia.com](mailto:martyndymott@virginmedia.com) with the details or contact me through my website or Instagram.

Thank you for reading this.
