**ITC Modernization Alliance Applauds the Introduction of Schweikert, Beyer
*Advancing American Innovation Act***

The following can be attributed to Sarah Beth Jansen, Executive Director, ITC Modernization Alliance:

“The ITC Modernization Alliance applauds Representatives David Schweikert (R-AZ) and Don Beyer (D-VA) for introducing the *Advancing American Innovation Act*. This bipartisan bill provides targeted reforms to rebalance the ITC’s patent process, including much needed transparency of the parties using our trade agency. We are grateful for the leadership of Representatives Schweikert and Beyer and urge Congress to move this common-sense legislation forward. ”

About the ITC Modernization Alliance

The ITC Modernization Alliance is a coalition of leaders in the technology, telecom, and automotive industries dedicated to modernizing the International Trade Commission and promoting trade practices that safeguard American industry, workforce, and consumers. Additional information on the ITCMA can be found at <https://itcmodalliance.org/>.
