

THE ACHIEVERS

"CHANGING LIVES"

For Adult Learners

GED/HiSET Preparation & Skills Building Courses (TABE)

...paving the way to achievement!

Our Partnerships

YOURpath for Adult Learners has been afforded the great privilege of partnering with one of the industry's leading adult education technology providers. This partnership has enabled us to make our courses accessible to students 24/7; thus allowing us to re-

Monitoring Their Progress

for completing their coursework when it is most convenient for them. Our 24/7 accessible courses also enable us to carefully monitor our students' progress so that they remain on task. Continue p. 2

MAKING OUR PRESENCE KNOWN

In 2018, we implemented our online GED/HiSET and basic skills courses so that we can change the world by changing the lives of adult learners, seeking to acquire their high school credential. We are currently accepting applications for our mid-term enrollment, for which we are hoping to enroll many of these adult learners.

It's an ambition goal, but we believe that we can achieve it through the worldwide web, which enables us to reach our students across lands and oceans. E-learning (aka distance learning) is one of the popular ways that students, esp. working adults, seek to enhance their knowledge and skills. We're hoping to increase this popularity among adult learners, who are seeking their H.S. credential as well.

A Proactive Approach to Retention

Continue: [Providing a supportive learning System](#)

We're also able to proactively respond to students' need for support when we see that they are struggling to stay abreast of their coursework as they balance life's demands. We support our students through one on one support, so that they are reminded during this process that they are not alone.

"A HIGH SCHOOL DIPLOMA IS ABSOLUTELY CRITICAL, ABSOLUTELY ATTAINABLE AND KEY TO FUTURE SUCCESS IN COLLEGE, IN THE WORKFORCE AND IN LIFE," SAID DELEGATED DEPUTY SECRETARY JOHN KING.

What's Next At YOURpath?

WE ARE MAKING FORWARD MOVES

YOURpath for Adult Learners is looking forward to its expansion. We are looking to expand our curriculum to offer workforce development and college readiness courses to our students, so that they can continue building their skills. Once our students earn their high school credential, we want to be able to further assist them by putting them on the right path towards upward mobility. We believe that providing students with the necessary courses to enhance their skills will fulfill this goal.
