## ACCEPTING APPLICATIONS!

YOURpath for Adult Learners are currently accepting application for its mid-term enrollment. Potential applicants can apply on our website at [YOURpathforadultlearners.com](http://YOURpathforadultlearners.com). Applicants can also learn more about our program by checking out our media center page, where they can learn how we are promoting student-

achievement through a series of learning approaches. Applicants can also learn more about our efforts to increase the outcome of high school graduates through alternative testing e.g. GED/HiSET by following us on social media platforms (e.g. Youtube, Twitter, Instagram and Facebook).

foundational skills required to be successful in solving advance mathematical problems and equations. Students can utilize these cards to quickly learn their multiplication so that they can solve more advanced math problems on their GED/HiSET with more ease, esp. if they do not have access to a calculator. What we understand at YOURpath for Adult Learners is that too many students and adults continuing their education struggle in math; however, by filling in the missing gaps, we can help our students feel more comfortable and confident in solving math problems.

## Test-Taking Tips & Strategies

PREPARING FOR AND TAKING THE TEST!

YOURpath for Adult Learners has also implemented our “Test-Taking Tips & Strategies” series so that our students can learn effective ways to practice for and take their official test. Through these series, students learn how to balance their time and focus on the academic areas that they need to improve the most. Students also learn how to use methods, such as the “process of elimination” that will aid them in answering test problems quickly, but with the most successful outcome. Students can access this series along with our other “Results Driven” series from our **Youtube Channel: <https://www.youtube.com/channel/UC-6XGk5y1lbcS0vBHEipxQ>**
