What Our Students are Saying:

- YOURpath is a no tolerance educational program; they are here to help, but you have to want to help yourself. The main thing I like about YOURpath is the communication between staff and students. They always respond when needed.
- YOURpath is a really good HISET/GED program. I would tell other adults that YOURpath is a real online program and not a scam. I chose to go this route because it saves me time and energy, and I feel that working one on one can help me get my diploma faster.
- Yourpath is committed to assisting adult learners whose interest is to obtain their high school credentials. I found the coursework to be the most informative and beneficial, as it allows you to learn and hold yourself accountable.
- Yourpath for Adult Learners has been a blessing to my life. I have been out of school for a very long time and was searching for a program to get into and finish my education. While attending Yourpath I have learned so much in a few short months. The courses are easy to understand, and the teachers are very helpful and inspiring to help you get through. I highly recommend Yourpath to anyone who wants to finish their education. The program alone is very great and if you need extra help, they have tutoring and just overall support. I love Yourpath! It has changed my life tremendously!
- YOURpath is well put together program that helps adults like me realize its never too late to make better decisions in life. YOURpath also holds learners accountable and responsible, it is designed to force us take charge of our live. I suggest this program to anyone looking to Get their GED so they can go after better things in life.
