OUR CLASS OF 2023: SUCCESS STORIES!

Read About Ms. Ashley's Reflection on Her Personal Journey & Success in the Program:

"My own personal take on Denzel's speech by saying "Each one Teach one" meant to me, if you learn something make sure to be responsible by teaching someone else the same thing. What I took from his speech actually brought tears into my eyes. Everything that you do, do with God in your heart for he is the surface of all things. I have seen many failures throughout my life, & felt some things were nearly impossible for me to overcome; but I have been able to endure & succeed from each of them by putting God first ALWAYS. I have never given myself much credit, & before this program never truly believed that I could have the possibility to obtain anything that I truly wanted. I blamed a lot of different people for my own misfortunes & always tried to seek the easier way out. I thought due to the cards dealt for my life, I wouldn't have much of a chance to move forward anyway. Since putting myself into this academic program, I have successfully earned my diploma officially as of May 30, 2023. I truly feel blessed! I have given myself a world of opportunity that I never thought I could have. I have pushed myself to the limits & found that I was ready to give up at certain times; but I had a brilliant instructor who was not afraid to get in my face when I needed it & ended up teaching me

not only academically but also some real-world things. I never made it easy, but to her I was worth it. This speech will continue to help me in my journey by keeping my mind open, not being afraid of what's coming next, & reminding myself that I can achieve more than I EVER imagined. I will set goals for my future, whatever that holds & I will ALWAYS remember those who stayed by my side through it all."
