Online Testing: How Should Students Prepare?

In 2020, the GED and ETS commenced offering testers the option of online testing. This option came in response to our new normal, which has forced us, as a society, to revisit how we do business. As a result,

Continue... students now have the option of taking their official GED or HiSET exam from the comfort of their own homes. While this option comes with benefits, such as conveniently testing from where you study and alleviating travel time and cost concerns, students must ensure they are adequately

Our students can find these guidelines on our website, under "*About the Test*". For the GED, [click here](#). For the HiSET, [click here](#). Remember, good preparation leads to a successful outcome.

ALL OF OUR STUDENTS**

A Special Thanks to Our Team & Welcome New Members!

In 2018, YOURpath was birth. Our mission is *to "ensure that every student enrolled in our program achieves his/her high school equivalency diploma by successfully passing either the General Education Development (GED) or the High School Equivalency Test (HiSET), and has access to resources for advance learning and employment/career opportunities upon the attainment of his/her diploma."* Without the many gifts, talents, and committed individuals who support this mission, we could not achieve our work to impact our students positively. *A special thanks to our board of directors*, who work exceptionally hard behind the scenes to move our vision and mission forward. *A special thanks to our instructional team*, who demonstrates their dedication to our program and students repeatedly. *A special thanks to our administrative team*, who ensures that the work gets done. Welcome to our new team members, **Mrs. Elhassani and Mr. Correia**. We are glad to have you as part of our team and look forward to your contributions.
