...paving the way to achievement!

Farewell to the Old; Welcome to the New Year!

We have come to the end of another productive year. As we say goodbye to 2021, never to see it again, we reflect on all of the many accomplishments we witnessed. We enjoyed witnessing two seniors complete the program and many others pass sections of their exams and make significant gains in their coursework.

Continue... Now that we are approaching 2022, the start of a new year, we can set our goals to accomplish. Fortunately, we have 365 days in which to accomplish these goals. First, however, we must remember that every day counts. Twenty-four hours in a day is short in the bigger scheme of things. Like 2021, 2022 will be over in the blink of an eye. What better time than now to start achieving your personal and career goals. Here at YOURpath, we work hard to help our

Continue... students achieve their high school equivalency diploma goals. Our students access online basic and advanced skills courses, instructional support, tutoring, test-taking strategies and tips, and much more. We pride ourselves in ensuring that students stay focused and on task to achieve their goals within a reasonable time. If you are looking to start the New Year off with a great start and the best possibility of achieving success by the end of the year 2022, come a join YOURpath, where dreams do come true!
