

*All our dreams can
come true if we have
the courage to pursue
them. -Walt Disney*

CONGRATULATIONS ON PASSING YOUR TEST!

It is with extreme great pleasure to announce **Mrs. Billi's** accomplishment! Congratulations to Mrs. Billi, who has successfully passed her social studies' exam, **demonstrating a level of career and college readiness on her official test score.** Mrs. Billi completed all of her essential edu. and google classroom coursework in social studies, demonstrating proficiency and a strong level of test readiness in all of her coursework. Mrs Billi's commitment, self-discipline (i.e. balancing family life and studies), adherence to her instructional plan (i.e. feedback on her progress report & follow through) have all led to her successful performance this week! Again, Congratulation to Mrs. Billi! Excellent work!

REMINDER

We have approximately two more weeks remaining for the month of July summer break. Meanwhile, if you have decided to work on your coursework during the summer break and have questions and/or concerns about your lessons, feel free to attend one of Dr. Artis' "Drop In" sessions. These sessions have been held weekly throughout the summer break. Additionally, **our next cohort meeting** (following the summer break) **is scheduled for Sunday, August 2nd at 4PM, eastern standard time**. All students are expected to be in attendance as the meetings are MANDATORY for all YOURpath enrolled students. Please contact Dr. Artis if there are any questions/concerns regarding our upcoming cohort meeting and your attendance.

FEEDBACK ON ASSIGNMENTS

If you have received feedback on an assignment and you need to make revisions to that assignment before resubmitting it, please make your revisions as soon as possible. **Revisions should be made promptly and the assignment resubmitted within two days**. If you have questions about your feedback, please follow up with your instructor/advisor promptly. Thank you!

"I Still Have A Dream"
Raffle Drawing
Grand Prize \$200.00

Coming in August!
Winner will be announced on YOUTUBE.

*Be sure to subscribe to our **YOURpath for Adult Learners**
YouTube Channel.*

"I STILL HAVE A DREAM RAFFLE DRAWING"

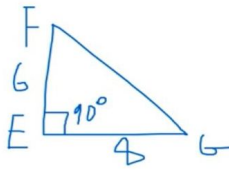

As a reminder, YOURpath will be launching its first raffle drawing this August 2020. **You don't want to miss it!** This will be an exciting time to support a worthy cause i.e. helping to encourage and empower others as they put in the work to restore their dreams and create a promising future for themselves. You also get a chance to win \$200 and receive a tax deduction for your donation. **Be sure to share this information with your family, friends and associates and let's make this a time to remember!** Thank you in advance for your support. More information will be coming very soon!

TODAY'S "MINI LESSON" VIDEO RELEASES

Several instructional videos have been uploaded today. These videos focus on both literacy and mathematics concepts/skills. Our literacy lesson has been taught by **Dr. Artis**, where she discusses how to approach and apply strategies to test items that deal with determining the meaning of a word. Our math lessons have been taught by **Mr. Lewis**, where he discusses how to approach and apply strategies to problems that deal with finding the hypotenuse of a right triangle and the distance traveled by a truck in hours. Be sure to check out these videos. You can click on the buttons below to access them directly. **If you have not already joined us on YOUTUBE, be sure to do so today!**

Right triangle EFG has two legs of lengths 6cm (EF) and 8 cm (EG).
What is the length of the third side (FG)?

- A. 2cm
- B. 4 cm
- C. 10 cm
- D. 12 cm
- F. 14 cm

$$a^2 + b^2 = c^2$$

$$6^2 + 8^2 =$$
