

ACCEPTING APPLICATIONS

“All who have accomplished great things have had a great aim, have fixed their gaze on a goal which was high, one which sometimes seemed impossible.” We are NOW accepting applications for our fall enrollment. If you are studying to take your official GED or HiSET exam and want to make sure that you stay the course and get to the finish line, consider enrolling in our online GED/HiSET program, where we use a strategic approach to ensure that you are ready for testing; get you to test sooner rather than later; and earn your high school equivalency diploma in a reasonable manner.

To apply or learn more about our free program & services, visit us at YOURpathforadultlearners.com.

STUDENT ACHIEVEMENT!

“Discipline is the bridge between goals and accomplishment.” Great work to everyone for staying the course this week and taking personal responsibility for

achieving your career goal! A special acknowledgement to **Mr. Keith** for investing the high number of study hours for the week (*superseding expectations*) and demonstrating test readiness in HiSET science. Let's all continue pressing towards the finishing line, letting our **project test dates** steer the way! **You got this!**

WELCOME NEW STUDENT

"The start of something new brings the hope of something great, ANYTHING IS POSSIBLE." We

are excited once again to welcome our new student enrollee, Ms. Tattyanne (TN, HiSET). Ms. Tattyanne joined our program on January 28, 2020 and is pursuing her high school equivalency diploma via the HiSET track. Welcome Ms. Tattyanne! We look forward to your success in our program.

ANNOUNCEMENT: COHORT MEETING

Everyone should have received our cohort meeting access information. **This Sunday's cohort meeting will be held at 4PM, eastern time** instead of our regular 9AM, eastern time. Please make arrangements to be in attendance as everyone knows that our cohort meetings are mandatory. Additionally, please bring **2 questions** to discuss with the cohort. Your questions can be centered on your coursework, the program, project test dates, progress reports, official testing etc. See you at the meeting!

Email YOURpath if you have any questions and/or concerns regarding your attendance.

NEW CURRICULUM COURSES

Great job to those students who have enrolled in our new curriculum courses and submitted your assignment/s this week, especially those who are focusing on your essay writing skills. Let's keep in mind that these courses are essential as they focus on specific skills that students need to improve in order to successfully pass their official GED or HiSET exam. Let's make sure that we are submitting our assignments weekly in these courses so that you can get prompt feedback for improvement. You can access these courses at:

<http://yourpathforadultlearners.org/>

Email **YOURpath4adultlearners@gmail.com** if you have any questions regarding these courses or your coursework.

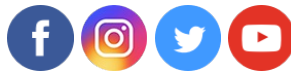

STUDYING EFFECTIVELY WITH FLASHCARDS

Here's a great way to improve your studying skills. YOURpath encourages students to use flashcards as an effective way to study various topics where you need to memorize specific information. The use of flashcards is an effective way to study all subjects including **math**, where you can effectively study the rules, operations and formulas that govern various math concepts; **science**, where you can effectively memorize the parts of a cell/plant etc. or familiarize yourself with certain vocabulary; and **social studies**, where you can quickly memorize specific historical dates, times and events etc. Here are a few helpful videos to help you construct your own flashcards or use an alternative method. You can also purchase flashcards from amazon.
