

STUDENT ACHIEVEMENT: GETTING TO THE FINISH LINE!

When you stay focused and keep a commitment you create momentum, and momentum creates more momentum.

Remember, each minute, hour and day that you put towards studying, you are investing the time that's required for you to change your future. Excellent work to everybody who put in their study time for the week! A special acknowledgement to **Ms. Chhaya, Ms. Candice and Mr. Keith** for demonstrating the highest hours of study time for the week.

INSPIRATION: STUDENT TESTIMONY

"Obstacles don't have to stop you. If you run into a wall, don't turn around and give up. Figure out how to climb it, go through it, or work around it." ~ Michael Jordan

"What lead me to my drop out of school was life and the hand that was dealt to me. With me being the second oldest, I decided to step in and help raise my siblings. My mother was a single parent struggling with 4 kids and my father was not so much of a great father figure and that was because of the hand he was dealt, which is why my life turned out the way it did, By choice of course, but to be honest, I wouldn't change it for the world because it has made me who I am today. My family is all that I have. I'm just grateful to now have the opportunity to achieve a long term goal of mine, thanks to YOURpath.

I love that YOURpath is big on communication. Whenever there is an issue that you have or don't understand something, someone is always available to help. Another thing that I love about YOURpath is that you get to work at your own pace."
