

PROGRESS REPORTS/FEEDBACK

Progress reports/feedback were issued this afternoon. If you have not yet received a progress report, you should have received one today via email. If you received a progress report and have not yet tested to receive an updated report then, you should continue to follow your current instructional plan until after you have tested.

Anyone who is preparing to test in GED/RLA or HiSET reading/language arts should be submitting essays regularly. If you are not doing this, please make sure that you are submitting an updated essay draft per week via google classroom. This is highly important if you are to be successful on your official exam. Please contact YOURpath's office if you have questions regarding these instructions.

VIRTUAL TUTORING: WEEKLY MATH & LITERACY HELP SESSIONS

Let's keep in mind that academic support is available to

you. Our weekly math and literacy group tutoring sessions are conducted on Tuesdays and Thursdays, starting at 2PM. Please make sure that you are looking out for the announcement to gain access into our virtual classroom. **Here are some rules to keep in mind when you are participating in our group or 1 on 1 tutoring sessions:**

- 1) Please be on time.
- 2) Please put your mic on mute when you are not talking so that the instructor is able to talk without background noise distraction.
- 3) All program and services questions should be directed to YOURpath for Adult Learners. Tutors should only be asked questions relating to the lesson being discussed during the session.
- 4) Please complete the "Student Evaluation of Tutor" Survey before leaving the EACH session.

Additionally, students are encouraged to schedule 1 on 1 tutoring sessions as needed or as per their progress report instructions. Students can go to the appointment page of our website to schedule these appointments. All questions should be directed to YOURpath's office via email.

PROJECTED TEST DATE

During this unfortunate pandemic, YOURpath for Adult Learners spent weeks discussing with students on how they could take advantage of the country's downtime to capitalize on achieving their goals. We talked about how focusing on their studies, during the shutdown, would prepare them for testing when the moment and opportunity presented themselves. We also talked about "being ready" so that they would not have to get ready when the opportunity came.

Now, the moment is here! As states move toward opening back up businesses, we must get ready to put our weeks of studying to the test! Students who have already demonstrated "test-readiness" should be preparing to test in the very near future and before the summer ends. We encourage students to take advantage of our 1 on 1 "intense test prep" tutoring sessions so that they can practice their test-taking skills and build up their confidence for testing.

Let's keep in mind that all students enrolled in the program should have a projected test date if they have demonstrated "test readiness" in any given

subject area. If you have not rescheduled your projected test date (as a result of Covid-19), please be sure to contact YOURpath's office to discuss your new projected test date.

STUDENT ACHIEVEMENTS!

YOURpath for Adult Learners is proud of the work that our students have done over the last few weeks. Many of them have taken advantage of the country's new normal and rather than just focusing on the present, they've pierced through their fears in order to focus on creating their future. We are excited to share the achievements of the following students and encourage them to continue making it happen for themselves.

- 1) Ms. Chhaya: Great job on demonstrating test-readiness in Language Arts.
- 2) Ms. Candice: Great job on demonstrating test-readiness in RLA.
- 3) Ms. Carolyn: Great job on advancing from Pre-HiSET to HiSET math.
- 4) Ms. Clementine: Great job on completing all of your practice tests and demonstrating strong scores in math and your reading content areas to include test-readiness in RLA.
- 5) Ms. Billi: Great job on showing test readiness in social studies and writing!

Remember: Everyday, you get closer to your goal, which makes your goal closer than you can imagine.
