

June 13, 2023

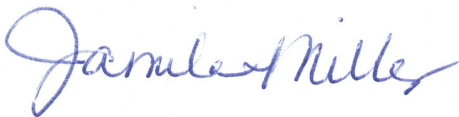

It is my pleasure to recommend ByYourSide Teaching Services as a top job embedded instructional coaching service.

Over the past five years, I have had the opportunity to work with Donna Todd and her team in two different school districts. Each district had their unique needs and BYS was able to provide specific, individualized support to address those needs. The support services included job embedded instructional coaching, advanced coaching, professional development and library coaching.

The BYS coaches and staff offer a wealth of experience to support new teachers, as well as any teacher in need of coaching. BYS coaches model the teaching cycle and they provide teachers they are working with opportunities to use what they learning immediately. Because of the BYS coaches' direct work with teachers, I have observed the positive impact their services have had on helping teachers improve their classroom management, lesson planning and classroom instruction.

ByYourSide Teaching Services is a great company that provide necessary tools and resources every school district can use.

Sincerely,

Jamila Miller
Assistant Principal
