

Online Application approval form

Dear Parent(s) or Guardian(s),

As part of our STEM program, we are excited to introduce your child to **Tinkercad and Scratch**, online platform's that allows students to explore 3D design, electronics, and coding. Tinkercad and Scratch is a user-friendly tool that fosters creativity and critical thinking while providing hands-on experience in various STEM fields.

During our upcoming meetings, students will be using Tinkercad and Scratch to complete various projects. The programs are completely web-based, meaning it can be accessed from any device with internet access, and no downloads are necessary. It is safe and educational, providing students with the opportunity to build and learn in a fun, interactive environment.

To ensure that you are informed and comfortable with this, please review the following links <https://www.tinkercad.com/childrens-privacy> https://scratch.mit.edu/privacy_policy and sign the consent form below. If you have any questions or concerns about the platform or its usage, feel free to reach out.

Thank you for your support and involvement in your child's learning journey!

Sincerely,
STEM2YOUTH Team
