FALCONS & PETS

For falcons and treasured companions, we curate a journey defined by elegance and discretion—crafting bespoke in-cabin experiences, overseeing every clearance with white-glove precision, and arranging seamless ground transfers that reflect the same level of prestige as our private jet service.

ART LOGISTICS

Art is more than cargo—it is heritage, legacy, and the voice of civilizations. At NUMINA Jets, we have built a specialized logistics division dedicated to the movement of rare and precious Art, ensuring the highest standards of discretion, climate control, and security.
