

# DO YOU KNOW THE MAKEUP OF YOUR MAKEUP?

The US Food and Drug Administration permits cosmetic companies to use **toxic chemicals** known to be harmful in their products. As a result, chemicals linked to cancer, endocrine disruption, reproductive toxicity, developmental toxicity, and many other health concerns are **hidden in** the **cosmetics** women are using on their bodies everyday.

## INGREDIENTS TO AVOID

Talc

Phthalates

Parabens

Retinyl Palmitate

Phenoxyethanol

Nanoparticles

Mineral Oil

BHA & BHT

Grapefruit Seed Extract

Carbon Black

Loose Powder Titanium Dioxide
