Subject: **Nolalu Fibre**

Dear Ms. Halverson,

Thank you for your inquiry on behalf of residents and businesses in Nolalu. The recent announcement to which you are referring was specific to the federal government's Universal Broadband Fund Rapid Response Stream. Due to the unique nature of this stream of funding and its requirement for extremely quick turnaround times, Tbaytel chose areas for this particular application that already had existing Tbaytel infrastructure in place. As such, areas north of Thunder Bay were selected.

While Nolalu was not included in the most recent announcement, rest assured that Tbaytel continues to aggressively pursue any and all funding opportunities in order to connect more rural residents in our serving territory and hope to establish a feasible project for expansion to your area in future phases should funding become available.

If you would like to discuss this further, please contact our Director of Strategy and Technology Planning Timo Hiiback directly via telephone: 807-684-3171 or email: timo.hiiback@tbaytel.com

Sincerely,

Tbaytel
